Thank you all for helping me with My LOWE family. Grandparents, parents, my brother and me and my children and grand children, 1st-2nd gr grandchildren. I have sent the early Lowe Books and should be at at the library but starting these Books 1-2-3-4-5

Bk 5 will be my father's brothers & sister's line. I started doing genealogy in 1969 and all my grand parents were gone but had other members of their's could get info from. Otherwise I worked at the court house and library and cemeteries to find info that I could.

I with others spent many a week at the Ft. Wayne, library, Salt Lake City library, Madison, WI library and many hours at Columbia, MO library just about every year from when I started. There was 4 of us who went to Iowa City every month during the good weather but now one has moved, one has passed and the other can't get out any longer and no fun to go by your self. So decided it was time to stop. This was before the internet so didn't have that to rely on but was just as well as have found a lot of wrong info on the internet. (I can't say mine is all right either) As much of it was not able to be proven for sure so just had to go by what we could find. But if anyone has proof of what you find is wrong in any of my books I would appreciate knowing it. We know every one is not 100% right as no one is perfect, even in research. New Data June 2017-GLT

So hope these books will be appreciated and enjoyed as much as I had putting them together. But I think now is the time to turn them over to someone else to enjoy as I can't get to the libraries any longer and only the internet to rely on and that isn't as much fun as going to the places where your ancestor's walked themselves.

You will notice different address's but the one above is correct.

Willard went through the 8th grade from Lone Star School, near where they lived in rural Adair Co. But it never seem to hold him back from doing what he wanted as he made a success of his life.

The first year of marriage he traveled some, trying to find a good job but never found what he really wanted, so after few months they lived with his parents shortly after they were married and helped with the farming, until soon after their first child was born, then they moved to another farm near Bullion, MO. This is where their second child was born. Their 3rd child was born in Davenport, IA and died few days after he was born.

By 1940 they decided they couldn't make a living at farming there so decided to move to Rock Island, Black Hawk Co., IL where he got a job with the Sturdevant Dairy. Would have been after 17 Apr 1940 as was still in Salt River Twp, Adair Co. MO in 1940 census.

By 1942 he had rented a farm near Hillsdale, IL but continued to work at the Dairy as well. He lost part of his index finger in a machine at the Dairy about this time.

March 1945 they moved to a farm near Maysville, Scott Co., IA where he farmed on the shares.

March 1948 they moved to a farm that he rented on what was then called The Iowana Farms, now is part of the town of Riverdale, across from the Alcoa plant. He farmed there and also worked at the Iowana Dairy in Bettendorf, IA.

March 1954 they moved to a farm on Devils Glen Road that he rented, still working at the Iowana Dairy. Did several different jobs there, was Forman when he was killed. His son Charles took over the farm and lived there till fall of 1991 when Alcoa decided to dissolve the farm to build houses.

Shortly after moving to Devils Glen Rd. he bought a couple apartment complexes. First time he owned property. Rovene sold them after he was killed as just to much work for her to keep up.

He was a 32nd degree Mason and belonged to the Blue Lodge of Davenport, IA, then joined the Hamilton Lodge AF & AM and also the Buffalo Bill Shirne Club of Pleasant Valley, IA.

What spare time he had he liked to fish and play cards and go to dances. He also liked to play the harmonica and only played by ear but was quite good. He worked hard all his life to provide a good life for his family and did.

He never liked heights and had said right up to the last he wasn't going on a plane to Germany but he had gotten his passport and did in the end go. He did enjoy that trip. They traveled a lot and went to the east coast when Gladys lived in Maryland and enjoyed that also. That was about 1970 they went to Washington DC and Philidelphia, PA as well as Baltimore, MD.

HUSBAND - Willard Harlo Lowe (Continued)

He was killed when he was out feeding the pigs, as he had done so many times before, but the tractor apparently hit a rut just right and the tractor over- turned and killed him instantly. Rovene noticed she hadn't heard the tractor in a while and he hadn't come in so went to check and found the overturned tractor. I imagine that was quite a shock to come upon.

He was 5 ft 6 in and weight was about 150 pounds. He had black hair and hazel eyes. His health was good but did suffer from back problems and migraine headaches, as did his father.

She was living at 939 Summitt Hills Drive, Bettendorf, IA (1989-2008) with 2nd husband Harold.

After Harold went to the hospital till July, she moved May 2012 she moved to Jersey Ridge Place Assisted Living until she passed away Mar 2012.

Rovene was born in Kahoka, Clark Co. Mo, where she lived until 1919 when her family moved to a farm just outside Kirksville, Adair Co. MO (what is now next to the golf course on hiway 61). Now the Hollister Factory is on the land. Before they could get insurance on the place they had a fire and house was destroyed with all in it. They rebuilt it and lived there many years.

She graduated from high school in 1933 from Kirksville, MO with the help of her sisters to get her thru.

She married soon after getting out of school and began her life as a homemaker. She likes to read, make crafts, crocket and also likes to dance and play cards.

She met her first husband thru a blind date and they married in 1934. They made their first home with his parents while Willard helped on their farm and also tried to find other work. Their first daughter was born in that house in 1935 and shortly after they moved to a farm near Bullion, MO where their 2nd child, Charles was born.

They lived there until about 1940 when they didn't think they could make a living farming in Mo so moved to Rock Island, IL where Willard got a job at the Sturdevant Dairy. By 1942 they had rented a farm near Hillsdale, IL and he farmed and also worked at the Dairy. By Mar 1945 they moved to a farm near Maysville, IA and by Mar 1948 moved to lowana Farms in Bettendorf, IA. 1954 they moved to Devils Glen Road to a farm, where Willard was killed in 1971.

She always had been interested in belonging to clubs and doing what she can. From PTA to 4-H then later into other clubs as Farm Bureau, she belonged to the Eastern Star. She usually held offices in the clubs as she enjoyed working with the people. She was president of the Leidertafel Ladies card club for 4 years, as well as belonging to several card clubs. Fortunately her health has held good and she is able to get out and go when she wants to.

After Willard was killed she bought a house in Bettendorf and went to work to keep busy. She met Harold and they were married in 1975 and she moved to his farm for several years then they moved back to her house in town, when his son took over the farm. They lived on Glenn St until 1989 when she bought the house on Summitt Hills Dr.

WIFE - Rovene Melvina Dyer (Continued)

She and Willard traveled and went on vacations about every year, either north fishing or to the west. Usually camped in the early years then later had a camper. They went to Germany in 1966 when Gladys was in Germany and they toured there for two weeks. She went to Hawaii after death of Willard and then after she remarried they went again to Hawaii. Harold decided he didn't want to travel much after 1989 so Rovene went on a 6 day bus trip to New York with some lady friends June 1995 and really enjoyed it.

She was 5 ft 6 in and weight about 140 pounds. She had black hair when she was young and brown eyes. Her hair has been grey since out of school. Her health has been very good and she has some arthritis but that doesn't slow her down too much till in her 80's then things started to go downhill.

1995 had a family birthday dinner for her at Jumers. Had article w/picture in the paper as well.

1998-99 She has started to have some health problems. First they noticed she had high eye pressure which was beginning of Glacoma and then she had a cataract removed and even lost her drivers licence for while till that was taken care of then she got it back, then she started having very high blood pressure so is treated for that and then about Jun 1998 she started having dizzy spells. Went thru a series of test and have not located any reason to date except they did locate a small tumor on the pititary gland at base of brain from a MRI but really that wouldn't cause the dizziness don't think.

She had surgery on her legs in Oct 1999 to open her arteries and thought that may help but hasn't a lot. After several months still can't walk very far or long periods of time and gets tired very quickly.

Now by 2002 she isn't able to walk much better at all. Still having dizzy spells but not so often.

In 1997 she went to Branson, on a bus trip and 1998 went on bus trip to Mississippi and Jul 1999 going to Branson again with her daughter.

Nov 2000 Rovene and Harolds children had a 25th wedding anniversary party for them at the Princeton Community Center, Princeton, IA. As near as can be counted there were maybe few more then 150 there. Was held on Sat the 25th of Nov. Harolds daughter from WI was here for Thanksgiving and decided to have it then. Charles was in AZ so Gladys was only one there from her side of the family besides Mark, Deb and Tara did come.

Sep 2004 She had her 89th birthday get together with family at Old Country Buffet in Moline and got sick that night and next day Harold took her to the new Trinity hospital on Utica Ridge road and they weren't sure what was going on but later they determined she may have had a small storke and or pnemonia but don't think they really knew as had no symptoms of those two really.

2004-2005 her health has been up and down, Harold says she doesn't remember things as well but then we all don't remember things, young or old but until it gets much more serious we will continue to see how things go.

Sep 2005 she will celebrate her 90th birthday and planned to have an open house but ended up having a family dinner at The Lodge, formerly Jumers on th 18th of Sept as they had to go to McCausland for the 4th, which was her birthday. Better for Sheri to come later in the month also from FL, since they have been having so many hurricanes there this year.

2006 she made the statement that her mother always said she was English & Irish. We don't know anything on the Andersons but have been said they were from Scotland. Richey's we don't know but guess English and Fitzgerald was probably from Ireland so the statement could be correct. Most of other lines further back appears to be English.

The Dyer's are suppose to be English as are the Hurst, Lahue's from France, Hurn's we don't know for sure.

2008 May 5 she moved into the Jersey Ridge Place, into the senior assisted living apartment. Harold had stomach surgery on Easter 22 Mar and then had another surgery 1 Apr and didn't get well enough to come home and she couldn't stay by herself so found an apartment at Assisted Living center, in which they thought would be temporary but however Harold died 3 Jul 2008 so she stayed at the center. They had a party for her on 5 May 2009 to celebrate the year there.

She would rather be in her home but has to be satisfied to be there and lucky that she can afford to be there.

My brother and I then had to clean out her house and to take many things to be auctioned off, which didn't bring much at all and had to clean the house and get it ready to go on the market and was on market from about Sept 2008 till end of Feb 2009 when it was sold.

16 June 2009 at the assisted living center they had a group meet today to tell something they had to do when small and didn't like it and also take something for show and tell. She told what she didn't like was to clean the milk separator, which most people didn't know what a separator was and always had to how in the garden with her mother and then every day after school she had to go to the hog lot and pick up clean corn cobs to put in stove in the house to help get a fire going. She took a quilt she made with different state birds on it for show and tell. Also an old bucket she

Then afternoons they have different things to do, crafts, movies, talk or whatever so you can go do as much or as little as you want and if she doesn't have a card club to go to she will go to what ever they have there. She has 3-5 card clubs she still belongs to a month and usually there is someone that comes to pick her up so she can go to those as well. My brother and I take care of many things that has to be done for her as well. 2010 has been a good year for her. She has fallen couple times but otherthen that has felt pretty good. Able to get about and card clubs down to 2 a month but she usually makes them. She had to start having her hair done by the operator at the center after April as my arms and hands were so weak I wasn't able to do much of anything. Had to get my hair cut so didn't have to do but just the very top. Charlie mowed my yard for 3 months then I was able to do it myself. Has taken all year for me to get much strenght back and not all the way back yet. We had and Open House the 5th of Sep for Moms 95th birthday and was able to hold it at the center so that was quite a bit of work, since I wasn't feeling that good but we got it done and she had quite a crowd come and she enjoyed it so guess was worth it. 14 Feb 2012 she fell out of bed at the assisted living and bruised her ribs and they think one of them went into her lung as she was having problems breathing and eating and keeping food down after going to the hospital the 18th for 6 days then back home and wasn't getting any better but weaker so they sent her to the hospital the 27th and she had no resisitition or anything and said just give her a bed and let her sleep as was so tired so they did. Gave her morphine and lorazapam to help her relax so she could rest and by 1:30 28th had passed away. Charlie had just left to get his new car so he wasn't there. All the kids were there afternoon of the 17th. Then started to clean out her apt. next day and took 3 days to clear it out. The girls took most of her furniture and several other things. Harlan took her recliner and much was taken to Good will. Then we set up time to see the lawyer for her will as wasn't going to probate or estate. She left \$3000 to each of grandchildren and by time rest is split between Charlie and I will come to about \$300,000 each. Absolute a shock. CHILD 1 - Gladys LaVon Lowe Soc Sec # 479-34-2086 I was born on a farm just outside Kirksville, MO belonging to my grandparents, Henry and Laura (Thompson) Lowe, where my parents were living at the time. Sadly there is nothing there but the land now. All the buildings have been torn down several years ago. My next home was on a farm near Bullion, Mo which wasn't far from my grandparents farm. My brother was born there and we lived there until 1940. My dad was on the School Board there and the school was close to us so I started kindergarten there, even though I wasn't 5 years of age yet. The summer of 1940 we moved to Rock Island, IL where my Dad thought he maybe could get a job. Making a living in MO was hard so thought it would be better in Rock Island. We lived about three places while there. I started first grade there, even thou the school said I should be in kindergarten, they let me go. My mother told them if I couldn't do the work they could put me back but they didn't have to. My Dad got a job at the Sturdevent Dairy and worked there until 1945. In 1942 we moved to a farm near Hillsdale, IL where he farmed and also worked at the Dairy plant. March 1945 we moved to a farm near Maysville, IA where my Dad farmed on the shares with Mr Art Meints. We went to the Allens Grove Twp. school, which was a one room school taught by Mrs Edna Spies. Probably one of the best teachers I ever had. We kept in touch until her death in the 1980's. March 1948 we moved to what was then Iowana Farms, now part of Riverdale, across from the Alcoa plant outside Bettendorf. Dad farmed some ground owned by Iowana Farms and then he went to work for them at their Dairy plant in Bettendorf. I went to school at the Riverdale school across the road from Alcoa the last part of the 7th grade and all of 8th grade. Then I took a bus to J.B. Young Junior High School in Davenport for 9th grade which was in 1949-1950, located at Locust and Harrison Streets. Several students went to Sudlow in Davenport but I decided to go to J.B. I went to Davenport High School (now Central High) 10-12th grade and graduated from there in 1953. (Just had our 40th year reunion Aug 1993) (50th reunion in Sep 2003). It was located at 12 and Harrison Street. At this time they found out I had a heart murmur so didn't take gym thru high school. Probably had it since I had scarlet fever when I was young.

CHILD 1 - Gladys LaVon Lowe (Continued)

I left home after graduation and worked at different jobs in Davenport and lived with a girlfriend until we decided to join a group selling magazines to California and I decided to marry one of the guys on the trip in Las Vegas and came back to Davenport, which was a big mistake. It lasted less than a year and then I divorced in Jul 1954. We had a son, Aug 1954 who I gave up for adoption as wasn't able to care for him as we had divorced by then. There was just no living with that man. Probably because we didn't know each other very long and when we got back to Davenport and found an apartment he became so jealous that I couldn't even talk to my brother and barely could leave the house because he would think I was having an affair with every man I saw so by early part of the year I know it wasn't going to work so I left and went back home and worked at Bettendorf Sheep Metal works as secretary for Doc Wingert till Aug then had the baby and then went to Missouri to spend a week with my cousin then came back and went to work at the T.B. Sanitarium at Oakdale, IA, just outside Iowa City then.

The marriage, well have to go back, the idea to go with this group was Probably the most stupid thing I ever did because Anna Boyles, who I was rooming with wanted to go and so I agreed so that was probably the 1st mistake, but you live and learn by your mistakes I guess. We had a nice apartment and both was working but guess thought we needed more excitement. Which back then even selling magazines door to door was not the thing to do, better then today but should have know better then even. I was trying to figure out a way to get back home at the time and then Joe started paying attention to me instead of Anna and then wanted to get married and come back home so thought was my way to get home I guess so we went to Las Vegas and got married then came back to Davenport. Looking back I didn't know very much about Joe and know he didn't know much about me as should have got an annulment when we got back but thought would try to make it work.

I met my second husband there (Oakdale TB Sanitarium at Oakdale, IA) and we married a year later in Iowa City and stayed at the hospital for a while and in 1956 moved back to Davenport, IA. We had 4 children, all four being born in Davenport. We lived several places in Davenport until 1964 when we separated and divorced. I stayed in Davenport and went to work to raise the children, with the help of my parents and none from their father. In 1959 I had my gall bladder out but have had no problems since.

By Dec 1964 my luck had changed, through a mutual friend I met my third husband and every thing just seem to click. Third time a charm and all that. Chuck had just lost his wife and he was stationed at the Rock Island Arsenal, and was a Sargent in the Army at that time. He had been in the Army for 14 years by then. He had no children and took to my three right off and they to him. We decided to get married in April and friends of ours wanted the wedding at their house so we were married on Dixwell Street in Davenport at the home of Jim and Fern Beach. Carl and Carol stood up with us. (Strange twist- Jim and Fern divorced and Fern went to Florida and Jim went to NM and Carl and Carol moved to Arizona and were later divorce. All remarried). We just celebrated 28 years of marriage in 1993. We would have been married 33 years liking one month when he died in Mar 1998.

We went to Springfield, MA for our honeymoon, as Chuck had to go there on business for the Army. It was the first time I had flown and like my Dad I wasn't found of it either. I have had for many years a tendency to have motion sickness and several things bother me, flying one of them, high places another. Since then have flown a few times and take Dramamine and it does help.

We bought our first home on W. 69th street in Ridgeview addtion in Davenport in 1965 then by Feb 1966 we were on our way to Germany. Chuck had been transfered to the Army base at Friedberg, Germany for a three year tour. We went to Germany on the ship "USNS Gieger". We left NJ and after 9 days on the ship we arrived in Bremerhaven port in Germany. We had the car on the ship with us so we picked it up and both got our German drivers licence and drove to Friedberg, Germany. Again the first few days on the ship were terrible but then someone told me to see the Dr and get some Dramimine which would help and so the last 5 days were very enjoyable. Sheri and Gayle weren't feeling too well the first few days but they got over it shortly. Didn't bother Larry at all. So all enjoyed the trip.

There wasn't any vacant apartments on the post available at the time we arrived there so we rented an apartment on the German economy in a little town of Steinfurth, which was just outside Bad Nauheim, a few miles from Friedberg, for a few months then we moved into Quarters in Bad Nauheim. the area around there and Frankfort was quite pretty and we all really enjoyed it. Gayle started kindergarten there.

We were there a year when Chuck got orders to go to Murnau, Germany, which was in the southern part of Germany, just outside Garmish, which was a beautiful area in the mountains in south Germany. The Bavarian houses and mountains was quite different then northern Germany. Mom and Dad came over while we were there for two weeks and we toured that area of Germany, Austria and went to Venice, Italy and several of the Castles in Germany. This was also an experience we all enjoyed. While in Venice, I'm sure Gayle will never forget, she was about 7 years old and we were walking back to the car from Venice and somehow she got away from us. She had stopped to look at something in one of the windows and no one noticed she was not with us until we had walked several blocks. Fortunately she had stopped just outside of the American Express office and they saw she was by herself and kept her there until we found her. She said she wasn't scared, but she was sure glad to see Chuck, when he found her.

We had met a German fellow that worked where Chuck did and he sang in band and played the quitar and he spent a

lot of time with us and also traveled with us and went on the trip to Venice also. Kept in touch with him for while when we left then lost track. Then about 2005 checked German phone book and found him listed and so have kept in contact since.

After the 2nd year in Germany, Chuck got a chance to take a Commission for Warrent Officer and it was shortly after the Viet Nam war had started and he knew he would have to go and decided he would rather go as an Officer, even though it meant leaving Germany a year earlier then we had planned. Receiving his Commission, came a tour of Viet Nam so we left Germany and came back to our home in Ridgeview, which we had rented while we were gone. Chuck had been to Viet Nam three times before on TDY as well as Santa Dimingo so he had an idea of what to expect.

Besides all the side trips we took looking at castles and such we drove from one end of Germany to the other end and back to the middle again when we left. From Bremahaven to Frankfurt to Murnau then back to Frankfurt when we left Germany. Don't know the routes we took on those trips but saw a lot of Germany.

We had sent the car on ahead so it would be in NJ when we flew there from Frankfort so after 9 hours, sure better then 9 days, on the plane, we picked up the car and our dog, Cotton that we had in Germany and headed for Davenport.

Chucks tour would be a year in Viet Nam so I worked at the I-80 Truck Stop on I80 while he was gone and the kids went to school. After the year in Viet Nam Chuck was stationed at Aberdeen Proving Grounds, Aberdeen, Maryland. Mom and Dad came out there and spent vacation with us. We went to Washington DC, Philidelphia, PA, Baltimore and surrounding areas.

While Chuck was in Viet Nam we found out Larry needed open heart surgery and so after we went to Aberdeen we took him to Walter Reed hospital and he had the surgery and was up and back to school in two weeks. Still doing fine.

About this time I got interested in Genealogy and one of our neighbors told me how to get started and gave me the forms to start with and I've been hooked ever since. That was in 1969 and I see no end in sight. I have numerous notebooks on families and in the process of putting all my information in the computer, which should make it easier to work with.

Chuck retired after 20 years in the Army from Aberdeen, MD in Nov 1971. I brought the kids back to Davenport in July so they could start school here without changing. We hadn't decided for sure if we were going to Colorado or stay in Davenport but in August my Dad was killed so we thought it best to come back.

Chuck was going to take it easy for a while after his discharge but that didn't last as he didn't like doing nothing so he got the chance to open up his own service station in Bettendorf, IA. So on the corner of 12th and Grant in Bettendorf Treadway Texaco became a reality in Jan of 1972. I did the books for the station from 1972 to 1978 when we sold it.

We sold our house in Ridgeview and bought a house at 2008 18th Street, Bettendorf in 1972 then sold it in 1978 when we moved to 1604 Venus, Gatesville Texas.

Several people were getting interested in Genealogy here in Davenport about that time so in 1973 we started a Genealogy Society in Rock Island then started one in Davenport, IA. I had also joined a couple bowling leagues and won several trophys during the years. Wasn't able to pursue that in Texas as the closest bowling alley was 40 miles away.

We traveled some during 1971-76, went out west and south. We had bought a 5th wheel trailer with the plans of retiring and doing some traveling. About 1975 Chuck started having back problems and he had to have surgery the 2nd of Nov. 1976. He was in the hospital 3 months and then he tried to run the station from home but that didn't work and he also had two trailer trucks that was being driven for him and had to sell them and sold the station and we decided to moved to Texas for the warmer climate and be closer to the Army hospital. We sold our house in 1978 and moved to Gatesville. We lived there 11 years and the last two years Chuck was in a wheel chair all the time and the drive from there to here was just getting too much so decided to come back here. We did hate to leave there but thought it was for the best.

After we had the house on the market for about a year I found out I had to have a hysterectomy so knew if I went ahead we would sell the house, you know how things go, well I went ahead and had the surgery scheduled for the first of May 1989 at Ft Hood, and by the end of May we had sold the house and I was on my way to Bettendorf to find one there. Since there were few houses that fit our requirements without a lot of remodeling it was beginning to look like a problem. We had to be out of our house in TX by the first of July so after a week I had finally narrowed it down to and decided on the one on Hillside Court as it required less work to make it livable for Chuck. So I went home and finished packing and by July 4th we were on our way to Bettendorf. I had done a lot of the packing before surgery, knowing I wasn't going to be able to do any lifting for some time afterwards so that helped. We knew before I had the surgery the house was sold, which is why I was able to pack a lot ahead. Had to have air conditioning put it right away. Few years later we had new roof put on then 1996 we had all new windows put in and in 1997 had the kitchen

	While in Texas we started a Genealogy Society in Gatesville and I helped get that started also. For a while I was the Editor for the Quarterly and treasurer for the club. They decided to start a DAR At Large group as well but later developed it into a club and I was Vice Regent of that until we left. My DAR # was 708459 which dropped membership after moving back to Bettendorf in 1989. I joined 18 Apr 1987 and went first at large in 1989 but by 1990 they raised the rate to \$40 a yr so I canceled my membership. I took some College courses while there the last 3 years and received 10 College Credits in History, Criminal Justice and Computer courses. Now I am back into Genealogy clubs here (IA) and also since we have been into computers since 1983 I have joined the local Computer group and they also have several groups such as Wordstar, Word Perfect, PAF, Quicken groups that I go to while they have them, after a while they drop them and start others. I have been sewing since I was a child and have sewed most of my clothes for many years, however once in a while I do buy something from time to time. I like to do crafts and crochet as well as read and dabble in photography. It seems genealogy takes most of my time though. Seems as though there isn't enough hours a day to do all I would like to. I have had several family history books printed and done some transcribing of census records that I had printed and sold. I've always said with so many things in this life to do there isn't any reason for anyone to be bored with life. Yet there are so many depressed people in the world that just dread to look forward to the next day, I do feel sorry for them as it must be hard to get through a day feeling that way. My height was 5 ft 3 inches and weight varies but mostly stays around 135-145. I had dark brown hair and brown eyes. I have kept my hair colored since I was in high school as it would be grey by now. It started with a grey streak while I was in high school and continued to get grayer. I started wearing glasses about 1951 when I was in Jr high. Needed them for distance as I still do. I had my eyes checked every few years and just after we moved back to Bettendorf, it had been 4 years since I last had them checked so went for an exam in Oct 1989 and they told me to see a specilist,so I did and they said I had Glaucoma, fortunatley it was just starting and only had too high of pressure only so no damage done. But will require taking drops every day for rest of my life. The Dr sugests maybe we will be looking at laser surgery down the road. Its times like these when Genealogy comes in handy for background health history, except all my grandparents and great grandparents lived before they had all the tests they do now for things, so it is difficult to know what they had for sure. We know heart problems run in the Lowe family and Grandma Lowe hd cataracts and Grandma Dyer died of a stroke. Mom also has the starting of cataracts and arthritis. Grandma Dyers mother was blind the last several years of her life, but don't know from what. Grandpa Lowe had diabetes and Grandpa Dyer died of old age. Aunt Pearl had cancer and died because she wouldn't get help and Uncle Gale had emphazemia which is probably what caused his death. Uncle Claud had it also as does a son of Uncle Floyds. All smoked. Aunt Lea died of heart problems and Uncle Floyd died of heart problems. One of Floyds sons and one of Gales sons had heart surgery as did my son. So definately heart problems run in the Lowe family. Uncle Paul Dyer had cancer and Aunt Edna died of heart problems. Aunt Hazel is in pretty good health (although now-1993 she has lost her mind-she died Apr 1995). Her granddaughter was taking care of her. Mom is in good health except for arthritis and high cholesterol and the starting of cataracts. 1996 they discovered she had the beginning of glaucoma and had too high pressure so had to start taking drops to bring it down and it did. My brother Charles is also in good health except high cholesterol. Mine is also high and I think maybe we just normaly run a higher count (don't think the Dr's believe that). I am the only one that has sinus and allergies, but usually have no problems with it now. Did for some years though. Dad had migrain headaches and I started getting them shortly after I turned 40. Had quite a few for many years until after surgery in 1989 they have become very mild and not many at all. Grandpa Lowe also had migraines. They say that is hereditary as is glaucoma. I had one son that died of heart problems and also a brother that died a few days after birth of heart problemls, both only lived a few days. Larry hasn't had any problems since he had surgery except his back bothers him but hanging dry wall isn't the easiest job. Gayle has a slight heart murmur as does her daughter, Brittany. Sheri has arthritis and a weight problem, which probably comes from the Houser line. Her Grandmother Houser Miller also had those problems. No health problems with Jason and Caanan that we know of now. 1996 update on my health. Dec 1995 discovered thru a mammogram that I had what looked like cancer in my right breast so they did a stereotactic needle biopsy to check and said it was so should have a surgical biopsy to remove the affected area so did but they didn't get it all so had to have another biopsy which they took more of the area out and got it that time. Then to keep from spreading or coming back they said I should have 25 days of radiation, which I did at a very high cost to me. Champus pays 75 % of what they allow and then I have to pay 25 % and by the time it was all over I had paid over \$3,000.00 out of my pocket for this little procedure. Just after it was done I heard on TV

that this type of cancer which was located in the milk ducts could stay there for years and cause no problems at all, but you don't know that and no one suggested I wait and see what would happen so I went ahead with it, had I to do it over, I think I would wait and see.

March I went to eye Dr. as was having a lot of irritation in my eyes and didn't know what was the cause, think maybe it was the different eye drops I had been taking for a year so had seen a glaucoma specilist and he said to stop for a month and come back and did and all cleared up but he said stay off another 2 1/2 months and come back. I had been taking drops for almost 7 years and they said when you start you aren't suppose to stop but he said pressure of 20-21 isn't all that high but I decided to get another opinion this time so went to see the Dr that Mom had gone to, to see what his opinion was to do as he did get Moms pressure down and then keep it constant. The Dr's I had always gone to just was satisfied to keep pressure what it was and not try to get it down. You never know what is the right thing to do as everyone always has a different opinion about everything.

1997- A year has gone by since surgery and have had no problems of any kind this past year-Great.

1998 started out as any other year but wasn't long, 3rd of March to be exact that Chuck passed away peacefully in his sleep at home. So had to adjust to that. Hard the entire inside of the house painted and new carpet put down. Had to have some work done on the Van and was able to take a couple trips to Columbia, MO and Ft Wayne, IN to do genealogy research. Mom has been having several problems that they can't seem to find the cause of this year. My brother spent little over 5 months in AZ this year and bought a house there as last year he sold his motor home. Sheri and son Jason still in Virginia, MN and Larry is working around here and Gayle has an apartment in Moline, IL and working at John Deere Insurance Co. Oct 1999 Gayle starts permanent job at John Deer at very good pay. Sheri thought she felt good enough to try to work part time and started at a computer store there, don't know for how long.

1999 started out okay as well, no problems that know of. Will have a trip to Columbia, Mo in May for research and in Oct to Ft. Wayne, IN. Started to work part time at Ethan Allen Furniture Store as Receptionist every other weekend and every Thursday nite but Oct-Nov-Dec turned into almost full time as worked 3 weeks out of 4. Now with with the new year coming I will be working all day Thursday and Thursday nite and every other Friday on the weeks I don't work the weekend so averages 3 days a week or 20 hrs so that will be okay. That changed in summer when started to work every Friday also as the other recptionist said she would work on Thurs nites so that works out great. How long don't know. I had been working every Friday for while then since the regular recp. quit just before I went on vacation in May they were without help but found someone to take Ruths place M-T-W so I still work my Thurs & Friday and everyother weekend. Now 44 1/2 hrs in 2 weeks.

The family was all together this year at Thanksgiving except for Jason so that was nice.

2000 This year started out okay. Had to have some van work done in spring. Also have been having my eye drops changed around to see if something better will work. Course turned 65 this year and so went off Champus and onto Medicare and Blue Cross and Blue Shield so that took some extra money out of pay but then I knew that was coming, which is why I went to work. This year when went to Cardiologist he wanted me to wear a heart monitor for 24hrs and then have echocardiogram and stress test as had been few years. Still go to Iowa City library once a month in good weather but winter we don't.

First met cousins Faye Francis and June Beals about the time Ralph Lowe died as he had done a lot of research on the Lowe family and so they took it up from him and they came here the first time 1991 then in 1996 they came here as well as Percy and Marilyn Thomas of Canada (cousins) also and all had a nice visit for the weekend. Since they have met June and Faye at Iowa City library once and each year in Sep. they try to come here and have since 1996 now thru 1999. This year we planned a trip to Virginia and Maryland for May of 2000 to do research in the court house's of our ancestors to see if can find anything we haven't been able to as yet other ways. So hope alls health holds.

We did make the trip to Rockbridge Co. VA for 10 days and stayed in a new log cabin called Greystone Cabin Rentals, Lexington, VA 7-13th of May 2000 then to Frederick and Montgomery Co. MD for 4 days, 4 days going and coming so gone 18 days. From 5 May to 22 May. Found a lot of info but nothing new to really go on with the Lowes, Gores, Ross or Sayres. But had a great time and weather was nice all the time. Also did some sightseeing, went to Natural Bridge, James Madison's home and Thomas Jefferson's home as well. Then in Aug I met June and Faye at the Iowa City library to compare notes and see if had anything really, which we didn't.

Have been going to Ft Wayne, IN also in the Fall, try each year. Last year was Oct 1999 and this year Sep. 2000. Last two years, Donna, Lorraine, Pat and myself. Usually for a week but this year cut short by one day. Usually work on collateral families there. Years before Joann went instead of Pat but not last 2. Oct 2001 Lorraine, Donna, Joann & I went to Ft Wayne for a week doing research.

Sep 2002 cousins June Beals and Faye Francis drove to Salt Lake City Utah to do research at the library and was

Notes	CHILD 1 - Gladys LaVon Lowe (Continued) gone about 12 days and found a lot of new direct lines to work on also and the weather was great and trip so much fun. Sheri has gotten interested in the family since she can do so much on the internet and so have found quite a lot of info and several new direct lines to work on from that. I decided it was time to get rid of the van we had had since 1988 as starting to put money into it the last few years so found a 1997 Olds Cutlass and bought that in June 2001. Paid off the car in Dec 2002, 6 months early to save some interest. Then next week had a crown come loose and got an abcess and so had to have the tooth pulled and best way to handle it was put a 3 crown bridge as couldn't leave the whole there for cost of \$2000. I have a lot of crowns in my mouth so guess will probably have more trouble later on when they come loose as not enough tooth left to reglue it to so may have to have more bridges later. Also this year 2002 was having trouble with the sight in my left eye not being good so finally went to a different eye Dr and had a battery of tests and found I had what was called Macular Pucker, which was a wrinkling under the cornea which was caused by inflammation or injury to eye, which I had had before when hit my eye with my fingernail and eye swole up and was sore for couple weeks, was so bad had to wear sunglasses in the light so thought all probably stemed from that but she didn't think it would get any worse anyway which is good. All other Dr reports very good this year so as health goes looks like I am okay for now. 2003 year started out real good. Took trip to Des Moines in May and in Sept. for week each. Short trip to Humboldt, IA for Aunt Eleanor's 83rd birthday. All Dr reports good this year. Sheri has stayed in FL again this year and Larry around here and Gayle still at JOhn Deere and bought a condo this summer and real excited about that. Sheri did come up north in Sep-Oct to Michigan, MN and here for month trip before going back to FL for the winter. My brother spends 6 mo here in summer and 6 mo in AZ in winter with Carol. He became a grandfather in 2001 and again in 2004. Ever changing things at work but still working Thurs-Fri and ever other Sat & Sun so that is okay for now. 2004 All is going allright this year. Planning a trip to Ft Wayne with cousins Faye & June in Sept. Did go to Des Moines, IA in June with Faye to see cousin June and another cousin Richard Lowe, from CA. Had old bushes taken out of the front of the house in June this year and the whole front redone and new small bushes put in and changed the whole look of the house. Went to Corydon, IA to help Jerry to Mayo's as since he has been in a wheel chair for year he needs help to get around and he had an apt. there for his knee to see about having surgery there so in June went for week. He now has it scheduled for last of Sept. He has had to a couple times but Mary Ellen, his sister had gone with him. His mother died the 4th of Sep and they are having a Celebration of Life in Iowa City the 25th of Sep but I have to work so won't be able to go. Did go to his step-fathers in 1991 there. Sheri stayed in Florida another year for sure and got an apartment. In August and Sept they have had hurricanes, first went by them but 2nd one in Sept came very close and another one in Sep due to hit FL again, where the first one in Aug hit. Health mostly okay but hit my right eye this spring and has caused some problems. Dr says my eyes are so sensitive that I could hit them with a feather and cause a problem. But mostly have had sleeping problems for over a year now and so have had a battery of heart tests in the spring which showed everything okay and in the fall will have to go thru the sleep clinic to see what the cause is. Did fall in the front yard while watering bushes and hit my face and bent up my glasses and that was the day before leaving for Corydon so had to wait till got back to get new glasses. See what 2005 brings. Started out okay I guess, still having problems with sleeping and Dr says it may be years instead of months before get back to normal if ever do. Then in March went to get my drivers licence renewed as if got it before turned 70 could get it for 5 yrs, otherwise would be 2 and with my eye problem was a little worried about that. Did have a problem reading the chart at first but she changed some things and was able to see all she asked so guess okay. Had a new ramp put on the deck in March also as one Charlie put on almost 16 yrs ago was getting in bad shape and knew he wouldn't be able to do it now. Have some other things to have to do around the house this year so guess all my money I get from working is going into the house. Plan a trip to Ft Wayne, IN with cousins Faye and June the last week of May 23-27, this year. That went well and found some new info to work on and had good weather as well. Sheri should be home in Sept and will take vacation then also as plan to have 90th birthday party for Mom then.

Did have the dinner on the 18th of Sept but because of hurricanes Sheri was not able to come. Did have family dinner party for her at Jumers. Sheri will be here in Nov for Thanksgiving then will be here and MN and visiting family and friends and back here for Xmas until 1st of Jan when goes back to East Point, FL.

Lots of changes at work at Ethan Allen but I am still hanging in there. Did stop working on Friday's the first of Oct as doing some hiring changes and I wanted to stop working the extra day so will work every Thursday and every other weekend for now, maybe extra now and then.

Aug and Sept was a very bad month as had house painted which was planned then the air conditioner went out and so had new one put in then had to have new storm door on side of house replaced and had three door locks replaced, none of which was planned but had to be done. Then one of my crowns broke off and had to have new one put on. Garbage disposal broke so I was very glad to see the end of Sept.

Sept went to regular Dr and she put me on Zoluft which has helped me from day one as I think I was under more stress then I really thought so maybe next year will be a much better year. However couldn't stay on it very long as had other reactions to it. I hopefully won't have so much stress and will get to sleeping better as well with out help.

Redid the Bush-Clemons-Bond book I had done for the grandchildren in 1988 as some of it wasn't readable now so put all the info in the computer and reprinted the book and made copies for all of Randy's brothers as well. Took about 4 months to get it all together and know they will enjoy the new book, even though not more info but much more readable now with indexes and good pictures.

Cleaning up the basement as Sheri was coming the middle of Nov for while and fell off the bottom of 2 step ladder and landed on my right side hip area and thought would go away right away but didn't.

2006 pretty much went same way as 05. All health problems about the same, not much changing there. Sheri came in Nov and stayed thru Jan. Was up in MN and to Corydon to see her father.

Had no Hurricanes in 06 but 05 they had several and she had to move once and had several storms because of them. Elmer a good friend of mine, who I had been walking with for several years died suddenly. Jerry has had lots of health problems this year as well.

Trip to Des Moines for week in May and Sep. Oct took a bus tour to Branson, Mo with radio station from Maquekota with cousin Faye and saw several good shows but was way too hectic of trip.

My leg has still been giving me problems, going to the Chiro for 3 months then regular Dr, then pain clinic and had 3 shots and still nothing had helped. Pain constantly. Problem is it is my right leg.

2007 also started out same old same old. At least my health is good, considering all the things that are turned upside down. My leg still giving me problems and have apt in Apr to see Orthopedic surgeon to see if he can find out what is going on, all say not the hip, just muscle or joint pain. Did start wearing my walking tennis shoes which have arch inserts in and has helped some then got out my sas shoes that have more arch support and believe it or not my leg is not as bad as was so may have to see about arch inserts to wear constantly, which have put off doing as like to wear sandals in summer and can't do that then. But whatever it takes to get rid of the leg pain I guess.

Got word the last of March they took Jerry to Iowa City University and that had lung cancer and has mastizised to bone, liver and brain so is going downhill rapidly. Mary Ellen, his sister took him to Mason City 2nd Apr to nursing home w/hospice care so she could do what needed to be done for him.

Sheri came up from FL and she, Gayle and I went to Mason City 14-16 of Apr to see him.

Sheri may spend more time there with him after we see how he is doing. I was off that weekend and Gayle got off on Monday. Caanan and Brittany were here the first week of April so got to spend a little time with them. Since Jerry died day after we left, Sheri went back to FL right away.

29 Sep 2007 Mary Ellen planned to have his memorial service in Iowa City. Charles West presiding and Terry drove Gayle and I there for the day.

March 13, 2008 was laid off work at Ethan Allen after almost 9 years, as they were first going to close the store then decided to cut back and then move it which they did March 2009 to a place on Utica Ridge Road. Down to 2 people working there then. I got unemployment then until June 2009 so was almost as good as working, as had to send resumes out to at least 2 places each week which did and sometimes more and asked at many places that didn't write down. \$85 a week then 2009 got \$104 a week. Had only couple interviews as no one wanted to hire someone for 2 days a week and no nights and at the money I was getting either so figured was time to retire. Just hope can live in retirement money without working.

22 Mar 2008 Harold, step father, went in for emergency stomach surgery as didn't know what was wrong so spent Easter at the hospital then Mark stayed with Mom for week then next 4 weeks Charlie and I took turns staying with her at home as not able to stay by herself and we had to take her to the hospital all the time so was good thing I wasn't working I guess. Then by end of April I had enough of that so said we had to find someplace for her to go as by then my brother and I both knew Harold was never coming home and probably wouldn't last a month or so, but we were the only ones that saw that. Anyway we took Mom to couple Assisted living places and she found the one on Jersey

Well they moved Harold to another hospital to get better therapy which didn't work then they moved him in June to nursing home in Moline for more intensive therapy to get him up and moving and by Jul 2nd they told the family they had to move Harold to Hospice at Trinity in Bettendorf so they moved him late in the evening and the next morning by 6am he was gone. He had already said he wasn't doing anything more as had so many problems and was just going to waste away anyway and he just gave up. So they knew Mom was going to stay where she was and has been there a year in May 2009 but still goes plays her cards 3-4 times a month and does all things at the center, exercise in mornings and movies and other things in afternoons so can do as much or as little as she wants. Health as good as can be for her age. June 2008 had cataract removed from left eye and took about 4 weeks before could drive as vision didn't come back as good as had expected. Ended up never did as had cornea and retina problems that hindered full vision coming back. 2008 Sep my brother and I packed up Moms house and cleaned it up and had things taken to auction and put the house on the market for sale but didn't sell so changed realtors and lowered price and then Feb 2009 sold the house 2009 Had a lot of things done to the house, new part of drive in front of garage, new garage roof, new deck railing and a place on house fixed and one on garage fixed and new metal pole to hold the electric wire from pole to garage to the house. Dec 2008 had new paneling put in the basement and the walls repaired where walls had been taken out. Lot of stress this year. 2010 Mom still at Assisted Living and doing pretty good. My vision is on the edge 20/30 of getting my drivers licence end of March so will see. Thank goodness was able to get my drivers licence. 2010 has been a very bad year for me and stated in Dec 2009 and at first not knowing it was stress and anxiety back in a big way as started when Gayle was sent to jail and not knowing if Sheri was coming back or not and her health was bad. Then my regular Dr left and so I had to start with a new one and first one didn't get along with so went to the 2nd one and at first was rough but we finally got on the same page. I was stressed apparently from many things and went back on med Dr Neil had given me and then found out it whiped me out so had to stop that and took till ended up in ER in June to get the Dr to get the right med that worked. Started also with the colonospy which was not happy about as didn't feel good taking the prep stuff but test okay and nothing there, no polyps or anything all okay. Except had diarrhea for several months after and lost more weight and went back to that Dr couple times and never got anything to work but then had upper GI just in cause was something there and wasn't. So have so many blood tests and all came okay so only thing left was stress and anxiety causing all my problems as I was so tired and weak and just didn't feel good. Started to improve when went to ER and got other med and thru Nov now have had no problems except tired and can't do a lot but said anxiety can cause a lot of problems and will take a while to get back to normal. Stopped going to Moms to do her hair as my hands would go numb once in while and had no strength in my arms. Charlie mowed my yard for me for 3 months then I thought I was able to do it myself. Also went and got my hair cut very short sides and back and top so I could just put in 6 rollers on top and comb sides back and stoped coloring it as well so by Nov it is now almost all grey. Just wasn't able to roll my hair anymore since April as that was when I was the worse so told Mom she was going to have to have her hair done as I just wasn't able. 30 May 2010 Sheri moved back from FL believe 2010 and bought a trailer west end of town then she had Jason come down and took a while to find a job but he finally got on at Mediacom so that was good job. in Nov. Then think was 2011 she found a double wide trailer and bought that and she and Jason moved in there then in April Gayle moved in with them. Took a while for Gayle to find a job but she did but they kept cutting her hours so she found a job at a restaurant that was close to them and she had bar work there as well so will make more in tips. Then she found a job working hours on the internet for a company that helps with problems from Best Buy customers so she can do that at home which is good for her as doesn't have any way of getting around but for Sheri and she has been very bad most of the time since 2012 when she found out she had 2nd stage MS and that has kept her down a lot. So am looking for 2011 to be a better year then 10 anyway, know some things won't change but I hope my health will change for the better. Few days before 19 May 2011 bought condo at The Manor and moved in that day. 2nd floor Unit 108. Put the house on Hillside up for sale in April and started \$125,000 but kept lowering it and sold it in Aug for \$110,500 which I said would go no lower. Condo payed \$83,500 so gained a little. W/garage. Condo goes from front to back with long living room, dining room and kitchen on one side and other side 2 lg bedrooms and 2 baths. Put office in the front bedroom and bedrm in back room. Had been told the house had

Charlie mowed the yard at the house for the 4 months as he bought my new riding mower. As far as I know this will be last move I will make till have to go to nursing home or cemetery. Went ahead and had the lawyer make up my will and poa's and health living will \$100 then went to cemetery and got everything paid for there.\$5500.00. Even expensive to be creamted. 2012 Getting settled in new condo. By Feb 14 Mom fell out of bed and brused her ribs real bad and waited 4 days to go to hospital and they kept her 6 days, thinking one of the ribs went into her lung as when she came home she had trouble breathing and eating and taking her meds so she decided it was time to give up and kept getting worse so the nurse thought she should go back to the hospital on 27th of Mar and they put her in hospice right away and she passed away the next day at 1:30. Charlie and I had been there and just before she passed Charlie went after his car so I was by myself. Sheri finally got hold of him at home and he came back by 3:30 and then called the funeral home and had to go down and sign papers and finish up what needed to be done there. Had called all the kids to come see her on the 27th as wouldn't get another chance so they all came and stayed until evening and Charlie and I left then and Came back the 28th and nurses said she probably wouldn't last the day. So Sheri and Gayle went on to the apt and started cleaning it out then Charlie and I came and got it done in 2 days so didn't have pay another months rent. Sheri took most of Moms furniture and I took her Duncan Fyfe dining table and chairs she had there. Her visitation at McGinnis was Apr 1st and funeral and burial the 2nd of Apr at Davenport Memorial cem. 2012 Charlie and I was listed as execu;tors so we had to get all her paper work and get that done. We both were surprised she had as much money left as she did so we split \$300,000.00 each and talked to 2 financial advisers and put most of the money so wouldn't lose any but should get some intrest and all the kids were added so they will be able to get anything that is left and unless I have any property they won't even have to do probate, just close out the estate. I did buy a newer car, 2011 Chevy Malibu and got 18,000 for the Olds and some of Marks discount so ended up paying about 19,660.00. Had almost 13,000 miles on the car. I had a new furnance and air cond. put in but that money came from sale of my house. Then bought new sofa. Mom had left the 4 grandchildren money and then each time I get money I gave the 3 of them extra money and told them that would be all till I was gone then if any left was all theres. Before Mom passed away I had all my funeral plans made and had new stone put in next to Mom and Dad's to look like Chucks and it was put together. I will be creamted and no service but buried in plot next to Chuck. Thought cremation would be cheaper then funeral but by time i got all mine done with Funeral home, cem and Organ donation and stones it was little over \$7000. But at least the kids won't have to do anything but put in the obit. The first census I was in was 1940 and was able to locate us still in Salt River Twp, Adair Co. MO. Rural Adair Co. 1405 Bradstreet, Kirskville, Mo I decided I wanted to get on a bowling league the fall of 2012 so was able to do that at 30 lanes with a real nice team. Gayle and I practiced every Friday for almost 2 months so I was ready when the league started 2nd week of Sept. I had missed the first week. Think I will do pretty good and may even get back to scoring like I did 40 years ago. 2013 Have to say this year has been much better then last 2 anyway. Changed my way of eating middle of Feb to no Dairy, no processed foods, no Grain or Gluten and just eat meat and vegetables and fruit and lost 13 pds and no pain anywhere and feel great after short while. Meditate every day, from cd's Sheri gave me and Walked around the complex almost every day weather cooperates. Then last of Jul decided to join the gals at the pool for swimming aerobics at 4-5 and first time stayed too long and got too hot and had heat stroke so was sick all night so waited few days till weather got out of 90's and then did go down so went back2-3 times a week but don't stay the whole time. Bowling starts the first Thurs. of Sept. so looking forward to that. Haven't practiced during the summer but if do as good as did last year will be satisfied. May 2013 I drove to Bellvue to Fayes and we stayed there couple days then drove to Manchester to do some research at the court house and library then went home by way of Delhi and Hopkinton cemeteries. Did finally find George Washington Lowes 3rd wife Ann Cook, buried with all other Cooks that we hadn't been able to find before. So

CHILD 2 - Charles Edward Lowe

Charlie was born on a farm near Bullion, near Kirksville, Adair Co. MO.

He came to Rock Island, IL with his parents in 1940. Moved to Scott Co. IA in 1945 to a farm then 1948 moved to Bettendorf, IA to what was called Iowana Farms then 1954 moved to Devils Glen Road where he lived until 1992 when Alcoa decided to sell the farm. He bought a house in Rock Island, Il close to the Rock River.

He graduated from Bettendorf High School in 1956 and worked at Iowana Farms Dairy until he went into the Army in Sep 30, 1957. He went through basic training at FT Benning, GA.

He received projector licence in Bamberg, Germany Jan 1959 while stationed there. Aug 29, 1959 Army Specilist 4 Charles Lowe graduated from 3rd Infantry Division of Non Commissioned Officer Academy in Kitzingen, Germany. Was assigned to a fire team in Troop C of the Divisions 7th Cavalry.

He met his 1st wife while in high school and she went to FT Benning, GA and they were married there. She went to Bamberg Germany for a year while Charlie was stationed there, in 1958. They divorced and he married 2nd time which also ended in divorce. Ruby married 2nd time as well. They had no children but did adopt a baby.

After his discharge from the Army he worked for Alcoa until 1968 when he joined the Davenport Fire Department and retired from there in Mar 1992. He had been on the farm he rented after his father was killed since 1971 and retired from farming as well in 1992.

He likes to go snowmobileing in the winter and goes to square dancing and round dancing in the spare time he has when not helping someone out. He rides a motorcycle in the summer. 2000-2005 Has spent winters in Mesa, AZ and summers at his home in Rock Island, IL. His health has stayed good except for high cholersterol, as does his mother and his sister, so that is an apparent heridity problem I guess. He golfs and square dances in AZ and Golfs in summer. Use to square dance in summers but decided to give that up. As he spends a lot of time with his grandchildren when he is home.

2006 he sold his house in AZ to Carole and started not going to AZ in winters and so back to square danicing and gofi in Iowa. Usually makes at last one trip there each year for while. Has been going out with Karen and square dances with her for last 2-3 yrs also.

Harold was only the only son and he had 3 sisters: Helen, Marian & Mildred. Mildred was first to pass away on 17 Mar 2005 She was born 18 May 1919 and was md to Donald A. Lemke 8 Dec 1949 and he died 2 Jan 1997. Helen died age 92, 4 Jun 2008 in Bettendorf, IA. Just a month before Harold.

He was married twice before and had 4 children by his first marriage.

He has been farming all his life and took over his grandparents, and parents farm and lived on it till 1980-82 when his son married and took over the farm. They moved into town but he goes to the farm every day to work.

WI. Harlan has 2 children, Gary 4 and Karen has 2.

Gary had been divorced for few years and raised his 4 children by himself now he has 2 in college and 1 in high school and 1 middle school (1999). He recently got married again to Lynn Feller 29 Jul 2000 at the Argo church, Our Savior Presbyterian church, Le Claire, IA. and had pig roast reception afterwards at his new farm north of Grand Mound, Clinton Co., IA. Where he moved a year ago when he bought the farm, larger then his fathers. Lynn had been married before and had a son Blake Feller & dau Daniell Feller and so their family increased from 4 and 2 to 6 children, 2 adults. Gary's oldest dau Marie is away in AZ going to College so only 5 at home, David, Neal and Lanna Schurr and Daniell & Blake. Lynn's parents are Rita Mathiot and Dan Elder.

Harold has had hip surgery few years ago, first one abt 1989 and colan pollups removed before that. He thought abt 1984?

Nov 2000 Harold had gall bladder surgery the 14th of Nov. thinking that may be his problem with the pain he has been having but they aren't sure.

25 Nov 2000 their children held a 25th wedding anniversary party for them in Princeton Community Center, Princeton, IA. Daughter Karen and family were here this year for Thanksgiving so decided to have it a little early.

11 Dec 2002 Harold had hip surgery, was going to replace the one they did back in 1984 he said but they had to replace the whole thing so now has an all new hip again. Was in hospital 12 days this time.

22 Mar 2008 Harold had stomach surgery and they found what they said a little green stick which was infecting the colon area. Then 1st Apr had to have another surgery as something wasn't right. He went from Trinity Hospital to the new Dav interim hospital then was transfered to nursing home in Moline for rehabiliation and hopefully get better on 3rd June. He then just gave up and they moved him back to Trinity Hospice Hospital the nite of the 2rd of Jul and about 6pm and was too late for Mom to go back to hospital, as she had been with him all day today then he died the next morning about 6 am on the 3rd of Jul. Buried 7th Jul in Davenport Memorial Cem. With a get together at the resturant on his farm after the services. Gladys L. daughter 5 Missouri
Charles E. son 3 Missouri

She was living at 939 Summitt Hills Drive, Bettendorf, IA (1989-2008) with 2nd husband Harold.
After Harold went to the hospital till July, she moved May 2012 she moved to Jersey Ridge Place Assisted Living until she passed away Mar 2012.

Rovene was born in Kahoka, Clark Co. Mo, where she lived until 1919 when her family moved to a farm just outside Kirksville, Adair Co. MO (what is now next to the golf course on hiway 61). Now the Hollister Factory is on the land. Before they could get insurance on the place they had a fire and house was destroyed with all in it. They rebuilt it and lived there many years.

She graduated from high school in 1933 from Kirksville, MO with the help of her sisters to get her thru.

She married soon after getting out of school and began her life as a homemaker. She likes to read, make crafts, crocket and also likes to dance and play cards.

She met her first husband thru a blind date and they married in 1934. They made their first home with his parents while Willard helped on their farm and also tried to find other work. Their first daughter was born in that house in 1935 and shortly after they moved to a farm near Bullion, MO where their 2nd child, Charles was born.

They lived there until about 1940 when they didn't think they could make a living farming in Mo so moved to Rock Island, IL where Willard got a job at the Sturdevant Dairy. By 1942 they had rented a farm near Hillsdale, IL and he farmed and also worked at the Dairy. By Mar 1945 they moved to a farm near Maysville, IA and by Mar 1948 moved to Iowana Farms in Bettendorf, IA. 1954 they moved to Devils Glen Road to a farm, where Willard was killed in 1971.

She always had been interested in belonging to clubs and doing what she can. From PTA to 4-H then later into other clubs as Farm Bureau, she belonged to the Eastern Star. She usually held offices in the clubs as she enjoyed working with the people. She was president of the Leidertafel Ladies card club for 4 years, as well as belonging to several card clubs. Fortunately her health has held good and she is able to get out and go when she wants to.

After Willard was killed she bought a house in Bettendorf and went to work to keep busy. She met Harold and they were married in 1975 and she moved to his farm for several years then they moved back to her house in town, when his son took over the farm. They lived on Glenn St until 1989 when she bought the house on Summitt Hills Dr.

She and Willard traveled and went on vacations about every year, either north fishing or to the west. Usually camped in the early years then later had a camper. They went to Germany in 1966 when Gladys was in Germany and they toured there for two weeks. She went to Hawaii after death of Willard and then after she remarried they went again to Hawaii. Harold decided he didn't want to travel much after 1989 so Rovene went on a 6 day bus trip to New York with some lady friends June 1995 and really enjoyed it.

She was 5 ft 6 in and weight about 140 pounds. She had black hair when she was young and brown eyes. Her hair has been grey since out of school. Her health has been very good and she has some arthritis but that doesn't slow her down too much till in her 80's then things started to go downhill.

1995 had a family birthday dinner for her at Jumers. Had article w/picture in the paper as well.

1998-99 She has started to have some health problems. First they noticed she had high eye pressure which was beginning of Glacoma and then she had a cataract removed and even lost her drivers licence for while till that was taken care of then she got it back, then she started having very high blood pressure so is treated for that and then about Jun 1998 she started having dizzy spells. Went thru a series of test and have not located any reason to date except they did locate a small tumor on the pititary gland at base of brain from a MRI but really that wouldn't cause the dizziness don't think.

She had surgery on her legs in Oct 1999 to open her arteries and thought that may help but hasn't a lot. After several months still can't walk very far or long periods of time and gets tired very quickly.
Now by 2002 she isn't able to walk much better at all. Still having dizzy spells but not so often.

In 1997 she went to Branson, on a bus trip and 1998 went on bus trip to Mississippi and Jul 1999 going to Branson

again with her daughter.

Nov 2000 Rovene and Harold's children had a 25th wedding anniversary party for them at the Princeton Community Center, Princeton, IA. As near as can be counted there were maybe few more than 150 there. Was held on Sat the 25th of Nov. Harold's daughter from WI was here for Thanksgiving and decided to have it then. Charles was in AZ so Gladys was only one there from her side of the family besides Mark, Deb and Tara did come.

Sep 2004 She had her 89th birthday get together with family at Old Country Buffet in Moline and got sick that night and next day Harold took her to the new Trinity hospital on Utica Ridge road and they weren't sure what was going on but later they determined she may have had a small stroke and or pneumonia but don't think they really knew as had no symptoms of those two really.

2004-2005 her health has been up and down, Harold says she doesn't remember things as well but then we all don't remember things, young or old but until it gets much more serious we will continue to see how things go.

Sep 2005 she will celebrate her 90th birthday and planned to have an open house but ended up having a family dinner at The Lodge, formerly Jumers on the 18th of Sept as they had to go to McCausland for the 4th, which was her birthday. Better for Sheri to come later in the month also from FL, since they have been having so many hurricanes there this year.

2006 she made the statement that her mother always said she was English & Irish. We don't know anything on the Andersons but have been said they were from Scotland. Richey's we don't know but guess English and Fitzgerald was probably from Ireland so the statement could be correct. Most of other lines further back appears to be English.

The Dyer's are supposed to be English as are the Hurst, Lahue's from France, Hurn's we don't know for sure.

2008 May 5 she moved into the Jersey Ridge Place, into the senior assisted living apartment. Harold had stomach surgery on Easter 22 Mar and then had another surgery 1 Apr and didn't get well enough to come home and she couldn't stay by herself so found an apartment at Assisted Living center, in which they thought would be temporary but however Harold died 3 Jul 2008 so she stayed at the center. They had a party for her on 5 May 2009 to celebrate the year there.

She would rather be in her home but has to be satisfied to be there and lucky that she can afford to be there.

My brother and I then had to clean out her house and to take many things to be auctioned off, which didn't bring much at all and had to clean the house and get it ready to go on the market and was on market from about Sept 2008 till end of Feb 2009 when it was sold.

16 June 2009 at the assisted living center they had a group meet today to tell something they had to do when small and didn't like it and also take something for show and tell. She told what she didn't like was to clean the milk separator, which most people didn't know what a separator was and always had to help in the garden with her mother and then every day after school she had to go to the hog lot and pick up clean corn cobs to put in stove in the house to help get a fire going. She took a quilt she made with different state birds on it for show and tell. Also an old bucket she had from her family.

They have exercise every morning at the center, can go or not and if Mom is there she will go. Then afternoons they have different things to do, crafts, movies, talk or whatever so you can go do as much or as little as you want and if she doesn't have a card club to go to she will go to whatever they have there.

She has 3-5 card clubs she still belongs to a month and usually there is someone that comes to pick her up so she can go to those as well.

My brother and I take care of many things that has to be done for her as well.

2010 has been a good year for her. She has fallen couple times but other than that has felt pretty good. Able to get about and card clubs down to 2 a month but she usually makes them.

She had to start having her hair done by the operator at the center after April as my arms and hands were so weak I wasn't able to do much of anything. Had to get my hair cut so didn't have to do but just the very top. Charlie mowed my yard for 3 months then I was able to do it myself.

Has taken all year for me to get much strength back and not all the way back yet.

We had an Open House the 5th of Sep for Mom's 95th birthday and was able to hold it at the center so that was quite a bit of work, since I wasn't feeling that good but we got it done and she had quite a crowd come and she enjoyed it so guess was worth it.

14 Feb 2012 she fell out of bed at the assisted living and bruised her ribs and they think one of them went into her lung

Gave her morphine and lorazepam to help her relax so she could rest and by 1:30 28th had passed away. Charlie had just left to get his new car so he wasn't there. All the kids were there afternoon of the 17th. Then started to clean out her apt. next day and took 3 days to clear it out. The girls took most of her furniture and several other things. Harlan took her recliner and much was taken to Good will. Then we set up time to see the lawyer for her will as wasn't going to probate or estate. She left \$3000 to each of grandchildren and by time rest is split between Charlie and I will come to about \$300,000 each. Absolute a shock.

To Whom It May Concern,

I am the daughter of Willard Harlo Lowe and I just found out that his Social Security card was issued in New York state and he was never in New York in his life and I am quite puzzled by this. Since he is deceased, I have no way of finding out why.

I was wondering if you could send me a photo copy of his application that he would have filled out when he received his card? Maybe it will tell where he was living at the time he filled out the application or where it was processed from.

He was born in Adair Co. MO and farmed there until abt 1940 when he came to Rock Island Co., IL where he started to work for the Sturbridge Dairy in Rock Island. This was his first job just after Sol. Sec. came into effect and maybe had received his card there. He was never out of the state of Missouri or Ill at that time, so HOW COME HIM TO HAVE A CARD # OUT OF NEW YORK?

I called the Social Security 800 # and they sent me this form, however the address was not the same as the address given from a friend who wrote Baltimore as what to do in getting some info. So I decided to use your address. The friend also said to send \$7.00 for info, where the office said nothing about sending money but I have enclosed a check for \$7.00 just in case you did require it as I do need the information.

Thank you for your help.

Sincerely,

WS

Dear Ms. Treadway:

This is in response to your letter dated February 27 requesting information from our records about your father, Willard Lowe.

Enclosed is a copy of your father's Application for Social Security Account Number (Form SS-5). When the Social Security Act went into effect, your father was employed by Crowell Publishing Company whose main office was located in New York City. Your father did not have to live in New York to be employed by this company. However, because the company's main office was in New York, your father was given a Social Security number for that region.

Thank you for your check in the amount of \$7 to cover the cost of searching our records.

Tractor Victim's Rites Saturday

Services for Willard Richard Lowe, 56, 2029 Devil's Glen Road, Bettendorf, who was killed late Wednesday afternoon when the tractor he was driving toppled over and pinned him beneath it, will be conducted at 1 p.m. Saturday by Hamilton Lodge, AF & AM, Bettendorf, in the McGinnis Chapel, Bettendorf.

Burial will be in Davenport Memorial Park.

Visitation is at the funeral home.

Mr. Lowe was pronounced dead at the scene by Dr. Paul

Cunnick, acting Scott County medical examiner. Dr. Cunnick said Lowe died from severe skull injuries.

Police said Lowe was hauling corn for hogs in a front mounted tractor scoop. When the front of the tractor hit a deep rut and bounced, the raised load caused the vehicle to flip downslope onto its top, police said.

The mishap occurred in a hog pen behind the house. Mrs. Lowe found the overturned tractor about 5:30 p.m. and called police, authorities said.

GM's price increase was not as large as the \$208 or 5.2 per cent hike announced when the 1971 cars came out. A second round of increases averaging .24 or .8 per cent came in

In explaining its price pattern, GM said, "Some 1972 cars include, in addition to product improvement, certain items as standard equipment which previously were available as extra cost items.

Tractor Tip Kills Bettendorf Farmer

A Bettendorf farmer was killed late Wednesday afternoon when the tractor he was driving toppled over and pinned him beneath it.

Willard ~~Richard~~ ^{Harley} Lowe, 56, 029 Devil's Glen Road, was pronounced dead at the scene by Dr. Paul Cunnick, acting Scott County coroner. Dr. Cunnick said Lowe died from severe skull injuries.

Masonic services will be conducted at 1 p.m. Saturday at Hamilton Lodge, AF & AM, Bettendorf, in the McGinnis chapel, Bettendorf. Burial will

Willard Lowe

be in Davenport Memorial Park.

Visitation begins at 7 p.m. today at the funeral home.

Police said Lowe was hauling corn for hogs in a front mounted tractor scoop. When the front of the tractor hit a deep rut and bounced, the raised load caused the vehicle to flip downslope onto its top, police said.

The mishap occurred in a hog pen behind the house.

Mrs. Lowe found the overturned tractor about 5:30 p.m. and called police, authorities said.

According to Lowe's son, Charles, a Davenport fireman, Lowe had farmed about 20 years. His son said Lowe moved to Bettendorf about 1955. 1960

Lowe had also been employed at the Iowana Dairies, Bettendorf.

HE WAS BORN in Yarrow, Mo. He married Rovene Dyer in 1934 in Kirksville, Mo.

Mr. Lowe is survived by his wife; a daughter, Mrs. Charles (Gladys) Treadway, and son, Charles, both of Davenport; four grandchildren; sisters, Mrs. Olin LaMaster, LaPlata, Mo., and Mrs. Alex Wright, Quincy, Ill., and brothers, Claude, Council Bluffs, Iowa; Floyd, Humboldt, Iowa, and Gale, Wrenwick, Iowa.

BUT ROBERT McGRATH, assistant city attorney, warned of potential pitfalls in the program.

Congress has not yet appropriated all the funds for the project, he said.

And in each succeeding year the federal share decreases until after several years the local government will bear the entire expense, according to McGrath.

The council did not get the chance to consider a resolution authorizing the city to apply for a state permit to operate a proposed sanitary landfill at the Scott County Home.

MRS. KIRSCHBAUM, chairman of the council's public works committee, said the resolution was not ready yet because of some unresolved legal questions.

After the session she said a question had arisen as to whether the city or the county should file the application with the Iowa Department of Health.

In other business the council approved Mayor John Jebens' appointment of five persons to a Housing Code Board of Appeals.

THE BOARD WILL hear complaints from residents concerning inspections of their homes by city personnel. The existence of the board is required by the federal government in order for the city to receive funds for housing.

Appointed to the board were: James Kelly, an attorney; Harvey H. Bergert, from the building trades; James P. Caffery, a representative of the real estate business; Mrs. Marian Win, a public health representative; and Francis Fuhs, a city representative.

Three persons narrowly escaped serious injury Wednesday afternoon in a grinding three-vehicle crash on West River Drive, Davenport.

Police said a truck driven by Richard F. Bernard, 47, of Mount Union, Iowa, slammed into the rear of a car driven by Kenneth W. Jones, 27, of 1109 1/2 Oregon St., Muscatine, Iowa.

The impact of the auto into the car hit an east-bound car driven by Deborah Jones of Lake Canyon.

Police said the impact of the truck against the car prevented the car from stopping.

EM Police Hit Pol

A four-man negotiating team, representing East Moline police, Wednesday night urged the city council finance committee to consider dropping an educational requirement to qualify for extra pay.

Patrolman Robert Wolfe, president of the East Moline police union, which is affiliated with Teamsters and Chauffeurs Union, Local 371, said attend-

ing courses at Black Hawk College, Moline, to qualify for extra \$300 a year, may require some policemen three to four years to complete because of work shift schedules.

Since most members of the department received the extra \$300 a year last year, the police team felt the educational requirement would be of no significant value at this time.

HERE'S HOW ITS DONE—View above shows the machine at Sturtevant Dairy product company plant in Rock Island where your new paper bottle is processed and filled with Sturtevant's pure pasteurized milk. The entire operation is made on this one machine. Here's how it's done. Flat blanks of printed paper, made of pure virgin fiber, are put in the machine, formed into square containers and the bottoms sealed. Then each container goes into the paraffin chamber where it is sterilized at 190 degrees with paraffin. From there a conveyor takes them into the cooling chamber where they are cooled to 40 degrees and the wax hardens. Then they are filled with pure pasteurized milk and hermetically sealed and stapled ready for delivery. Sturtevant's invite you to try this new paper bottle, the latest development in a progressive dairy. You'll like its extra convenience. No bottles to wash or return. The handy container is just tossed away. It's easy to open, easy to pour, easy to close and easy to store. Sturtevant's, Tri-Cities finest dairy, sells its quality products in most progressive stores in the community.

Washington, May 7.—(United Press)—The office of price administration today added new restrictions to sales of gasoline in preparation for the east coast rationing system, which may allot some non-essential motorists as two gallons a week.

In an 18-page instruction booklet sent to more than 205,000 rationing authorities, the OPA set the weekly quota of gasoline for "non-essential" motorists at from two to six gallons, and banned for the duration of the war the sale

ARRANGE RITES

Mrs. Florence Harris, Muskogee, Okla., Royal Neighbors Official, Taken by Death.

Mrs. Florence Harris, Muskogee, Okla., chairman of the board of supreme auditors of Royal Neighbors of America and one of the society's most prominent workers in the southwest for 34 years, died yesterday afternoon in a St. Louis, Mo., hospital. She had been seriously ill since last January and in failing health for about six months.

As a member of the society's board of supreme auditors since February, 1928, when she was appointed to fill a vacancy, Mrs. Harris became widely known in the tri-cities and she visited Rock Island regularly four times a year for the quarterly audit. She was reelected supreme auditor for her fourth consecutive regular term of four years at the supreme camp last June at Duluth, Minn.

Mrs. Harris joined Royal Neighbors of America as a member of camp No. 4400 of Muskogee, Okla., on Oct. 29, 1907. She entered the field work of the society as a district deputy, filling this post from 1916 to 1921 and from 1921 to 1928 was Oklahoma state supervisor. She was a past president of the Oklahoma fraternal congress. Mrs. Harris was born Aug. 25, 1877, in Maquoketa, Iowa, and was married to Artha Harris, who preceded her in death a few years ago.

Iowana Farms

—By GIL MASON

* We extend our deepest sympathy to the family of Harold (Jiggs) Kimball who passed away suddenly at 8:30 A.M. on Thursday, August 6, while working at his desk. We at Iowana, being closely associated with Jiggs, will keenly miss him.

Jiggs started at Iowana 27 years ago as a retail route salesman and contributed faithfully and earnestly to the development and progress of the business. At the time of his passing, he was serving in the capacity of Assistant Sales Manager in charge of Wholesale Milk and Ice Cream. Jiggs possessed a sincere and congenial personality and as a result, he was well known in the Quad-Cities and surrounding areas.

The abruptness with which his life came to an end has shocked his many friends and acquaintances. The many phone calls and other expressions of condolence are realistic evidences of the esteem and regard associates, friends and a competitor had for Mr. Kimball. We all will miss him deeply.

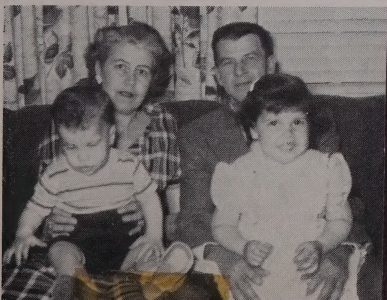

Dale Baker (retail) is in the hospital. We hope he will be back to work by the time this goes to press. At first they thought it was a heart attack but it turned out to be something less serious and he is under treatment at this writing.

We hope Mr. and Mrs. Gordon (Whitey) Burwell will like their new home to which they will be moving soon. Since it is a five bedroom house, some of the men asked me if they bought a hotel, but I told them no. With a nice family such as Whitey's, they need five bedrooms.

We welcome Gerald (Jerry) Moore, son of grocer Harold Moore of Blue Grass, Iowa. Jerry is on retail routes 19 and 20. He is married and the Moores have one daughter, Linda, 19 months. He is doing a fine job on the route, getting new customers and collecting.

Don Gau (retail) got a new Ford Galaxie. They tell me Don didn't need a new car, but the other one needed washing so he wrote out a check for a new one. Dave Tallman (retail) doesn't mind washing cars so he bought Don Gau's and washed it. I guess this is new car month as another proud new car owner is Eldon Baxter (wholesale). Leo Lopez (plant) is driving a new one, too.

* Pictured below are Mr. and Mrs. Willard Lowe and their two grandchildren, of whom they are very proud. Willard has been with Iowana since March, 1948. He is Assistant Plant Superintendent and in addition to this lives on a farm which he looks after himself—so he is kept very busy.

Ware Room of Biggs Hatchery

Still smouldering as firemen play water on the ruins is the store-room of the Biggs Hatchery at La Plata which contained peat moss, cardboard chick cartons, and other poultry supplies as well as a buggy and a 1926 Model-T Ford which were used in the La Plata

Centennial last year. The Bragg Grocery Mart, which was completely gutted, is just the other side of the brick wall behind the Ford.

Scene of LaPlata Fire Early Today

La Plata townspeople view the fire-gutted interior of Bragg's Food Mart after a fire discovered about 1:30 a. m., changed a \$15,000.00 grocery inventory, as estimated by Mr. Bragg, into a charred nothingness. Mr. Biggs estimated his damage to the building, poultry

supplies, and 8,000 baby chicks just out of the shell this morning which were overcome by heat and smoke, at \$30,000. The building is located on the southeast corner of the four-stop sign on Highway 63 in La Plata.

Flames Envelope Church Only Minutes After Breaking Out On Roof

The roof and upper portion of the old First Methodist church building blazed angrily yesterday morning only minutes after fire broke out on the southeast corner of the roof shortly after ten o'clock. By 10:45, part of the west wall, the east, north and

south walls had fallen. Methodists valued the building at \$50,000 exclusive of a pipe organ valued at from \$12,000 to \$15,000. Six other pictures of the fire appear on other pages of today's Daily Express.—(Photo by Peterson).

Harold has had hip surgery few years ago, first one abt 1989 and colan pollups removed before that. He thought abt 1984?

Nov 2000 Harold had gall bladder surgery the 14th of Nov. thinking that may be his problem with the pain he has been having but they aren't sure.

25 Nov 2000 their children held a 25th wedding anniversary party for them in Princeton Community Center, Princeton, IA. Daughter Karen and family were here this year for Thanksgiving so decided to have it a little early.

Juda 51 Mo wife, Hazel Gardine 24 Mo wd dau, Edna Dyer 18 dau, Rovene 14 MO dau.

She is living at 939 Summitt Hills Drive, Bettendorf, IA (1993-2006) with 2nd husband Harold.

Rovene was born in Kahoka, Clark Co. Mo, where she lived until 1919 when her family moved to a farm just outside Kirksville, Adair Co. MO (what is now next to the golf course on hiway 61). Now the Hollister Factory is on the land. Before they could get insurance on the place they had a fire and house was destroyed with all in it. They rebuilt it and lived there many years.

She graduated from high school in 1933 from Kirksville, MO with the help of her sisters to get her thru.

She married soon after getting out of school and began her life as a homemaker. She likes to read, make crafts, crocket and also likes to dance and play cards.

She met her first husband thru a blind date and they married in 1934. They made their first home with his parents while Willard helped on their farm and also tried to find other work. Their first daughter was born in that house in 1935 and shortly after they moved to a farm near Bullion, MO where their 2nd child, Charles was born.

They lived there until about 1940 when they didn't think they could make a living farming in Mo so moved to Rock Island, IL where Willard got a job at the Sturdevant Dairy. By 1942 they had rented a farm near Hillsdale, IL and he farmed and also worked at the Dairy. By Mar 1945 they moved to a farm near Maysville, IA and by Mar 1948 moved to Iowana Farms in Bettendorf, IA. 1954 they moved to Devils Glen Road to a farm, where Willard was killed in 1971.

She always had been interested in belonging to clubs and doing what she can. From PTA to 4-H then later into other clubs as Farm Bureau, she belonged to the Eastern Star. She usually held offices in the clubs as she enjoyed working with the people. She was president of the Leidertafel Ladies card club for 4 years, as well as belonging to several card clubs. Fortunately her health has held good and she is able to get out and go when she wants to.

After Willard was killed she bought a house in Bettendorf and went to work to keep busy. She met Harold and they were married in 1975 and she moved to his farm for several years then they moved back to her house in town, when his son took over the farm. They lived on Glenn St until 1989 when she bought the house on Summitt Hills Dr.

She and Willard traveled and went on vacations about every year, either north fishing or to the west. Usually camped in the early years then later had a camper. They went to Germany in 1966 when Gladys was in Germany and they toured there for two weeks. She went to Hawaii after death of Willard and then after she remarried they went again to Hawaii. Harold decided he didn't want to travel much after 1989 so Rovene went on a 6 day bus trip to New York with some lady friends June 1995 and really enjoyed it.

She was 5 ft 6 in and weight about 140 pounds. She had black hair when she was young and brown eyes. Her hair has been grey since out of school. Her health has been very good and she has some arthritis but that doesn't slow her down too much till in her 80's then things started to go downhill.

1995 had a family birthday dinner for her at Jumers. Had article w/picture in the paper as well.

1998-99 She has started to have some health problems. First they noticed she had high eye pressure which was beginning of Glacoma and then she had a cataract removed and even lost her drivers licence for while till that was taken care of then she got it back, then she started having very high blood pressure so is treated for that and then

about Jun 1998 she started having dizzy spells. Went thru a series of test and have not located any reason to date except they did locate a small tumor on the pititary gland at base of brain from a MRI but really that wouldn't cause the dizziness don't think.

She had surgery on her legs in Oct 1999 to open her arteries and thought that may help but hasn't a lot. After several months still can't walk very far or long periods of time and gets tired very quickly.

Now by 2002 she isn't able to walk much better at all. Still having dizzy spells but not so often.

In 1997 she went to Branson, on a bus trip and 1998 went on bus trip to Mississippi and Jul 1999 going to Branson again with her daughter.

Nov 2000 Rovene and Harolds children had a 25th wedding anniversery party for them at the Princeton Community Center, Princeton, IA. As near as can be counted there were maybe few more then 150 there. Was held on Sat the 25th of Nov. Harolds daughter from WI was here for Thanksgiving and decided to have it then. Charles was in AZ so Gladys was only one there from her side of the family besides Mark, Deb and Tara did come.

Sep 2004 She had her 89th birthday get together with family at Old Country Buffet in Moline and got sick that night and next day Harold took her to the new Trinity hospital on Utica Ridge road and they weren't sure what was going on but later they determined she may have had a small storke and or pneumonia but don't think they really knew as had no symptoms of those two really.

2004-2005 her health has been up and down, Harold says she doesn't remember things as well but then we all don't remember things, young or old but until it gets much more serious we will continue to see how things go.

Sep 2005 she will celebrate her 90th birthday and planned to have an open house but ended up having a family dinner at The Lodge, formerly Jumers on th 18th of Sept as they had to go to McCausland for the 4th, which was her birthday. Better for Sheri to come later in the month also from FL, since they have been having so many hurricanes there this year.

2006 she made the statement that her mother always said she was English & Irish. We don't know anything on the Andersons but have been said they were from Scotland. Richey's we don't know but guess English and Fitzgerald was probably from Ireland so the statement could be correct. Most of other lines further back appears to be English.

The Dyer's are suppose to be English as are the Hurst, Lahue's from France, Hurn's we don't know for sure.

Farmer's Creed

I believe a man's greatest possession is his dignity and that no calling bestows this more abundantly than farming.

I believe hard work and honest sweat are the building blocks of a person's character.

I believe that farming, despite its hardships and disappointments, is the most honest and honorable way a man can spend his days on this earth.

I believe farming nurtures the close family ties that make life rich in ways money can't buy.

I believe my children are learning values that will last a lifetime and can be learned in no other way.

I believe farming provides education for life and that no other occupation teaches so much about birth, growth, and maturity in such a variety of ways.

I believe many of the best things in life are indeed free: the splendor of a sunrise, the rapture of wide open spaces, and the exhilarating sight of your land greening each spring.

I believe that true happiness comes from watching your crops ripen in the field, your children grow tall in the sun, your whole family feels the pride that springs from their shared experience.

I believe that by my toil I am giving more to the world than I am taking from it; an honor that does not come to all men.

I believe my life will be measured ultimately by what I have done for my fellow man, and by this standard I fear no judgment.

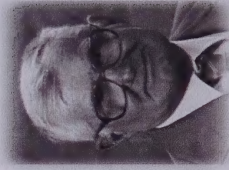

I believe when a man grows old and sums up his days, he should be able to stand tall and feel pride in the life he's lived.

I believe in farming because it makes all this possible.

In Memory

In Loving Memory of Harold G. Schurr

Harold G. Schurr, 91, a life-long Scott County farmer and a resident of Davenport, Iowa was born in Scott County, Iowa on April 22, 1917, the son of George & Mimmie (Eckermann) Schurr. On March 25, 1942, he was united in marriage to Grace C. Moeller in Davenport, Iowa. She preceded him in death on June 5, 1961. On December 5, 1975, he was united in marriage to Rovene M. (Dyer) Lowe in Bettendorf, Iowa.

Harold owned & operated the family farm in LeClaire Township where he actively farmed until his retirement in 1980. The Schurr Farm was honored by being designated a Century Farm, having remained in the same family for over one hundred years.

In addition to work on the farm, Harold was also a sales representative for the former PAG Seed Corn Company for many years. He was former member of Scott County 4-H, the Scott County Farm Bureau and the Davenport Moose Lodge #28.

Even though farming was his "favorite" activity, Harold also took great pleasure in gardening, enjoyed going to the Scott County Fair & liked to attend farm auctions. He also had a special interest in antique tractors. Harold loved to dance on Wednesday and Saturday nights at Fairyland or the Col Ballroom and spent many enjoyable evenings playing cards with his many friends.

On Thursday, July 3, 2008 at the age of 91 years, 2 months & 11 days, he passed away at Trinity Pathway Hospice in Bettendorf.

Those left to honor his memory include his wife, Rovene; his daughter, Karen (Steve) Peterson of Hudson, Wisconsin; his sons, Harlen (Linda) Schurr of Davenport and Gary (Lynn) Schurr of Grand Mound, Iowa; his step-daughter, Gladys Treadway of Bettendorf; his step-son, Charles Lowe of Rock Island, Illinois; fourteen grandchildren; nine great-grandchildren; four great-great-grandchildren; his sister, Marian Hamann of Eldridge, Iowa; and many other relatives and wonderful friends.

In addition to his first wife, his sons, Richard and Vernon; and his sisters, Helen Holst and Mildred Lemke, preceded him in death.

CANNES, France (AP) — Finding his inner panda was not too much of a stretch for Jack Black. All it took was finding the essence of his inner Jack.

With Black providing the lead voice, the animated comedy "Kung Fu Panda" spins the tale of an unlikely savior who finds that becoming the best version of himself is the true hero's path.

For Black's Po the panda, a clumsy, tubby behemoth picked by destiny to become a martial-arts master, that meant playing on his strengths, such as using food as an incentive to learn his own variation of kung fu moves.

For chubby funny man Black, the unlikely transition from character roles to leading man required a similar effort to define his own voice and persona on screen.

Taxpayers pay price of special session

By Kurt Erickson
QUAD-CITY TIMES
Springfield Bureau

SPRINGFIELD — Gov. Rod Blagojevich's decision to call lawmakers back to town next week will cost taxpayers an estimated \$70,000 to \$80,000.

The added cost at a time when the state is operating with no budget in place comes as many lawmakers say they doubt the governor's demands to fix a gaping hole in the state's fiscal year 2009 spending plan will be met.

"It doesn't sound too hopeful," state Rep. John Bradley, D-Marion, said Thursday.

In 2007, taxpayers were billed an estimated \$1 million for the lengthy overtime session. In 2004, the cost of overtime sessions was about \$150,000.

The governor's call for a two-day special session beginning July 9 is not only drawing criticism because of the cost.

State Rep. Jack Franks, a Woodstock Democrat, is calling for the creation of a special committee to investigate whether there is enough evidence to proceed with articles of impeachment against the governor.

Franks, a frequent critic of the governor, said Blagojevich is threatening major cuts in the budget, rather than offering up compromise proposals to the General Assembly.

"Governors before him have made tough choices when it came to the budget. This governor is squandering a perfect opportunity to cut wasteful spending," Franks said in a statement.

As part of his call for a special session, Blagojevich wants the House to approve a series of revenue-generating proposals that would help close a \$2 billion budget gap, as well as launch a \$34 billion construction program.

Notes

HUSBAND - Elias "August" SCHURR-6801

They were actually married in Germany and had the one son there then it was told he came to America in 1881 and stayed till 1883 then went back to Germany and brought the family here then rest of children were born here. When Harlan made the tape of the family and the chart of the family they used the date of 22 May 1883 as marriage date in Davenport so not sure why they did that.

The youngest child Frank had children in Scott Co. as well and Bill Schurr was from this line and his wife Lois had gone to Germany and did some research on the Schurr family which helped Harlan put some of the info together.

CHILD 2 - George Gupley SCHURR-595

Harold, Helen, and 2 other sisters in the family.

CHILD 5 - Elise SCHURR-6807

Elsia died from drowning at age 7 yrs, believe in the Mississippi river. (not sure if Elsia or Elsie?)

ANNIE'S MAILBOX

Cash for grades causes dispute

DEAR ANNIE: My daughter has two kids, ages 9 and 5. My husband and I saw the 5-year-old's report card, and we gave her a dollar. We also saw our 9-year-old grandson's report card, which was excellent, so we gave him \$5. He was so excited.

The following week, our daughter returned \$4 of the money we had given her son. She told me that both children should receive the same amount. I was devastated that she took a gift away from our grandson. I told her that since he is going into fourth grade, he should be given more than his younger sister.

My husband feels that our daughter's generation is changing things by giving each child the same gift, regardless of the occasion. I know our granddaughter

ANNIE'S MAILBOX

Cash for grades causes dispute

DEAR ANNIE: My daughter has two kids, ages 9 and 5. My husband and I saw the 5-year-old's report card, and we gave her a dollar. We also saw our 9-year-old grandson's report card, which was excellent, so we gave him \$5. He was so excited.

The following week, our daughter returned \$4 of the money we had given her son. She told me that both children should receive the same amount. I was devastated that she took a gift away from our grandson. I told her that since he is going into fourth grade, he should be given more than his younger sister.

My husband feels that our daughter's generation is changing things by giving each child the same gift, regardless of the occasion. I know our granddaughter

It's been a year since God put his arms around you and lifted you to rest. He knew that you were suffering. He knew you were in pain, and knew that you would never get well on Earth again. He whispered to you "Peace be Thine" and gave you wings to fly. You've left us precious memories. Your love will be our guide. You live on through your children. You're always by our side. It broke our hearts to lose you, but you did not go alone. For part of us went with you on the day God called you home.

Always love and miss you,
Wife and Family

Notes

HUSBAND - Charles Edward Lowe

Charlie was born on a farm near Bullion, near Kirksville, Adair Co. MO.

He came to Rock Island, IL with his parents in 1940. Moved to Scott Co. IA in 1945 to a farm then 1948 moved to Bettendorf, IA to what was called Iowana Farms then 1954 moved to Devils Glen Road where he lived until 1992 when Alcoa decided to sell the farm. He bought a house in Rock Island, IL close to the Rock River.

He graduated from Bettendorf High School in 1956 and worked at Iowana Farms Dairy until he went into the Army in Sep 30, 1957. He went through basic training at FT Benning, GA.

He received projector licence in Bamberg, Germany Jan 1959 while stationed there. Aug 29, 1959 Army Specialist 4 Charles Lowe graduated from 3rd Infantry Division of Non Commissioned Officer Academy in Kitzingen, Germany. Was assigned to a fire team in Troop C of the Divisions 7th Cavalry.

He met his 1st wife while in high school and she went to FT Benning, GA and they were married there. She went to Bamberg Germany for a year while Charlie was stationed there, in 1958. They divorced and he married 2nd time which also ended in divorce. Ruby married 2nd time as well. They had no children but did adopt a baby.

After his discharge from the Army he worked for Alcoa until 1968 when he joined the Davenport Fire Department and retired from there in Mar 1992. He had been on the farm he rented after his father was killed since 1971 and retired from farming as well in 1992.

He likes to go snowmobiling in the winter and goes to square dancing and round dancing in the spare time he has when not helping someone out. He rides a motorcycle in the summer. He always has something to do and is never idle. He likes to play golf as well. He bought a motor home as he was planning on traveling after he retired and has some. Besides helping his brother in law and going to visit him usually every day he is in town.

Fortunately his health is good and he works out besides his other activities so that keeps him young as well.

1994-1995-1996 spent winters in Mesa, AZ. 4 months in 94 and 5 months in 95 and 7 months in 1996, Oct to Apr 1997. Pretty soon he will spend more time there then here. He has turned his snowmobile in for a set of golf clubs and square dancing.

June 1996 he went to AZ and Texas on his motorcycle for over a month.

1997 and 1998 in AZ Oct thru Apr and bought a house in Mesa, AZ Feb 1999 so will be spending most winters there. Carole moved into his house in AZ after selling hers and she has lived there ever since. (2005)

2000-2005 Has spent winters in Mesa, AZ and summers at his home in Rock Island, IL. His health has stayed good except for high cholesterol, as does his mother and his sister, so that is an apparent heridity problem I guess. He golfs and square dances in AZ and Golfs in summer. Use to square dance in summers but decided to give that up. As he spends a lot of time with his grandchildren when he is home.

2006 he sold his house in AZ to Carole and started not going to AZ in winters and so back to square dancing and golf in Iowa. Usually makes at last one trip there each year for while. Has been going out with Karen and square dances with her for last 2-3 yrs also.

2010 Charlie has keep his health so far and still golfs and dances all the time and has had to do more for Mom this year because I couldn't and he even mowed my yard for 3 months as I couldn't.

2013 He is still into motorcycles and bought an Italian one that is 3 wheel. A lot different then the marroon three wheel one he bought few years ago.

2014 He went on his new cycle with some other guys to North Carolina for abt a week but he said that was too long. Has been to AR couple times each year as well. Has been dancing with Karen until this year and she had some surgery that stopped her from dancing so he continues to go and still golfs. So always saying busy doing something or other.

2016 Still healthy, walks at mall 3 miles a day, plays golf in summer and square and round dances year round 2-3 times a week and helps others when they need it so stays busy. Does have high blood pressure but so far health doing good.

They were divorced 20 Oct 1976 after 18 years of marriage. Davenport, Scott, IA Div. #25696 - Filed 16 Mar 1976.

After div. Ruby worked and went to school and about 1980's married David Behyl and worked for Ruhl & Ruhl Realty for few years. Divorced him after few years.

She moved to Florida to be near her sister after her 2nd divorce and has been there about 5-6 years in 1997. Still there in 1999.

She never had any children but Charles and Ruby adopted a son, who Charlie raised after their divorce.

Ruby has an older brother(forgot his name) that lives in Ill (believe was around Geneseo), he is married and has 2-3 children She also has a younger sister Jettie, who lives in Florida and is now married and also had a daughter, Rhonda, by previous mg.

Ruby married in FL few years after went there and they have a home on an Island in FL. Was back again this year in Sep 2008 to visit Mark and then going to see husband's son at an base somewhere then drive back to FL. She has been working at a nursing home as an aide for few years. Husband retired high rank believe army man, from another country. He has couple children and some grandchildren. (must have been 2013?) He died I believe shortly after here.

During 2017 I think.

Dec 20-27 2017 Ruby flew in to Bettendorf to see Mark and the kids. Had been 5 years since she was last here. Talked to her for a while when at Mark's.

He bought a house in Bettendorf 1993 and lived with his girl friend and her daughter Tara who was born Nov 1986 until they married in Apr 1999. Their address was 1829 Bellevue Ave, Bettendorf, IA 52722.

They went to Las Vegas 30 Apr 1999 to be married and had reception the 29th of May at the Isaac Walton League, in Mount Joy, IA. Mark was age 29 and Deb was 32.

Mark and Deb had their first child last of May 2001. Jacob Charles was born 24 May 2001 at 2pm in the afternoon on Thursday. 7 lbs 8 oz and 20 in long.

Mark and Deb had 2nd child 16 Feb 2004. Madelynn Anne.

About 2006 they bought a house at # 7 Jacob Way, Park View which was larger for their growing family. Mark still works at now Green Buick/Chevy and Deb still works at grocery store in DeWitt so thought this would be 1/2 way for both of them to drive to work.

Risked their lives

2 firefighters, 2 police officers honored

Two Davenport police officers and two firefighters who risked their lives to save others were honored Monday by the American Legion, Davenport Post 26.

Honored were police officers Trula Tanner and Michelle Jacobs and firefighters Charles Lowe and N. Leon Rowell.

The police officers were awarded for their part in the April 18 rescue of the residents of a house on fire at 626 W. 6th St.

The officers had been flagged down by one of the residents, who told them a man had passed out on the third floor and couldn't be moved and some children were on the third floor, the Legion said in announcing its award.

The officers, knowing they were placing their lives in jeopardy, helped everyone to safety. Both officers had some smoke inhalation during the rescue.

Firefighters Charles Lowe and N. Leon Rowell were honored for their part in rescuing people trapped in the Oscar Mayer Co. plant March 13 after an explosion.

The firefighters, led by a security officer, made their way through the heat, smoke and total darkness to the trapped people and led them about 100 feet through a corridor and out to safety.

District Chief John Neely wrote of the firefighters, "If not for their courage and professional demeanor, the 17 employees may well have panicked and run into areas that were hazardous and potentially lethal."

Al Van DeWiele, post service officer, said the Legion honored the officers and firefighters for their valor and service to the community.

The post also donated \$100 to the police and firefighters benevolent funds.

Not too many years ago skeptics would have had a field day with what is envisioned by Peter Bryant, director of the Developmental Biology Center at the University of California at Irvine. He sees as an "attainable goal" by the end of the century the regrowth of missing or defective human body parts.

Such studies are currently being conducted by UCI scientists who, like Bryant, ask, "Why is it that mammals, and our own human bodies in particular, are incapable of doing what the salamander can do perfectly well, and that is the ability to regenerate its limbs?" Bryant sees encouragement in recapturing regenerate capabilities, possibly lost during evolution, from regrowth of skin and even a fingertip.

This seems a wild medical pipedream. But then who would have thought that transplant surgery would have moved so fast and far? When a South African surgeon performed the first human heart transplant in 1967, the medical profession moved into replaceable body parts in a big way. These have included heart, kidney, lungs and artificial hips, knees, elbows, legs, arms, ankles, wrists, toe or finger joints and certain blood vessels. Consider, too, development of electronic eyes and ears.

There is enough scientific wonder in all this to silence the skeptics as Bryant looks to the future. Perhaps some 20th century grandchild, in a kind of reversed role, will tell his grandfather that he looks as if he has grown a foot. And the grandfather, with his cane propped in the corner, will simply reply, "That's right."

NOW

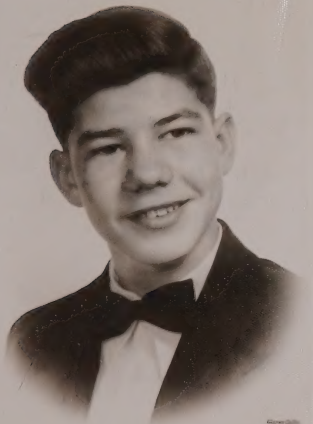

By Dorothy J. Samuels

STONINGTON, Conn. — feminist leaders pressing Wallerstein to elect a female running mate rather than enhance, the future movement within the Democratic Party hurts the party's chances of defeating Reagan in November.

There is no question that a woman for the No. 2 spot would add symbolic value and could potentially win a Democratic ticket. Polls show that women are ready to accept the idea of a woman in a 10 percent gain for the Democratic ticket. But the idea is the inappropriate and counterproductive in which such a candidacy is based.

It is one thing to lobby for a woman vice presidential candidate, but quite another to lobby for a woman of political or moral wisdom, a prominent woman led by the National Women's Political Caucus president, Carol Bellamy, did last year with Mr. Mondale, and quite another to lobby for a woman to promote the cause by way of ultimatums, pronouncements and the threat of a fight or walkout should Mondale choose a man for the second spot.

Such intimidating tactics are enough coming from Mondale's camp. Coming from the leadership of the National Women's Political Caucus, the feminist community is downright unseemly, as if a candidate with help in the private women's movement is now public enemy No. 1.

Dear Mr & Mrs Lowe

Troop C, 2nd Reconnaissance Squadron, 7th Cavalry, which is a part of the 3rd Infantry Division, has the mission of training its personnel to be a part of our 3rd Infantry Division fighting team in preparation for movement to Europe. As Commanding Officer, I have had the pleasure of welcoming to this troop, your son, Pvt Lowe, RA17499051

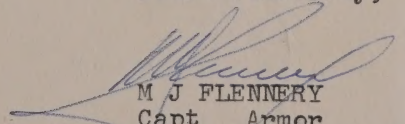

Inasmuch as military training is a new experience for most men, it will require that they give full attention to duty and to the maintaining of regular hours. Although at first it will appear to be strenuous and difficult, I assure you that it will cause no undue hardship nor will anyone be subject to unjust treatment. The men will be well fed, comfortably housed and provided with the best medical and dental services. Complete religious facilities are available.

Due to the limited time given us to complete basic training soldiers are not given leave to return to their homes except for an emergency. Should such an emergency occur, I advise you to contact your nearest American Red Cross Office if an emergency leave is desired. The Red Cross will take the necessary action to have an emergency leave considered.

I urge you to write often. Good news adds to the well being of a new soldier and helps him to adjust to his new environment. Unnecessary complaints or requests tend to depress the new soldier. Keep your soldier happy.

If at any time I may be of assistance to you, please write to me.

Yours sincerely,

Dear Mrs Lowe

I wish to express my best wishes for the approaching Holiday Season. I am sure that you are eagerly looking forward to having your **son** with you for Christmas as he will probably spend the next two with us in Germany.

He has completed six weeks of Basic Combat Training and four weeks of Advanced Individual Training and has proven himself to be an asset to his Troop and to this Squadron. Soon he will take his place as a well trained member of this United States Army.

Christmas leave will be of nine days duration beginning on 20 December. A pre-embarkation leave of five days duration will also be given. The exact dates of this leave have not yet been determined.

During the Holiday Season the accident rate is high normally, and I urge you to insist that your **son** leave home early enough to report back for duty without being pushed for time.

Sincerely,

Dear Mr. and Mrs. Lowe:

I am pleased to inform you that your son, Charles Edward Lowe was enlisted in the United States Army on this date, for a period of 3 years. The results of the tests he received at the Armed Forces Examining Station in Des Moines indicated that he possesses the high mental, physical and moral standards which are required of any person enlisting in the ARMY.

From Des Moines your son was sent to a Reception Station at FORT CARSON, COLORADO, where he will receive his uniforms and indoctrination. He will be at this Reception Station only a few days, and will then, normally, be sent to the Training Division at the same post where he will receive his basic military training. This basic training will occupy the first eight to sixteen weeks of his Army Career. Upon completion, he will be transferred either to an Army Technical School for specialized training or be assigned to a Regular Army Unit for duty. You will be happy to know that, in most cases, after completing basic training, the men are granted leave.

You should receive word from your son shortly after his arrival at his basic training station. He will then be able to give you his mailing address. We, here at the Recruiting Office, would appreciate you letting us know how he likes the Service when you hear from him.

In the future, if anything comes up regarding your son's welfare in the Army, or any questions arise which are peculiar to the Military, please feel free to contact this office in person, by letter, or by phone. We will be most happy to assist you in any way possible.

Sincerely yours,

TROOP C
2d Reconnaissance Squadron, 7th Cavalry
Fort Benning, Georgia

Dear Mrs Lowe

Your son, assigned to Troop C 2d Reconnaissance Squadron 7th Cavalry has been assigned to this unit since 10 October 1957. During his assignment in this command, he has established a fine record and has progressed satisfactorily in his military training. In order to obtain this status of training, he has had to work long hours and train hard over the past several months. I feel that your son has done well in the short time he has had to prepare himself for his mission in Germany.

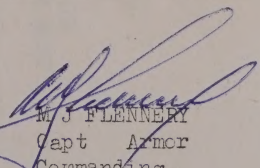

Now your son is about to depart for a pre-overseas leave. In this regard, I have counseled him as to the importance of his returning from leave on time. Because this unit will be moving to an overseas area to take up its important position with the NATO Western Defense Forces, his responsibilities to his country, his unit, and to himself have greatly increased.

As you well know, every holiday period seems to leave in its wake accidents, death, and sorrow. I have counseled your son to observe speed limits, to drive carefully while on leave, and to leave home in sufficient time to return to this unit on time without rushing or violating safe practices. I have urged him to consider that in just one fleeting instant of carelessness on our highways, any one of us could forfeit our happiness, our lives.

I want to assure you that this command is moving into a very fine area in Germany. Recreational facilities are excellent, and the barracks in which he will live, the mess halls in which he will eat, and other facilities which provide for the necessities, and some of the luxuries of life, are available and more than adequate. As your son's Commander, I am personally responsible for his effectiveness as a soldier and for his well being, and I want to assure you that I will exercise my responsibility in this connection to the best of my ability for your son and every member of my command.

We will be sailing from Savannah on the USS Darby on 14 April 1958 bound for Bremerhaven and then move by train to our new station in Bamberg. The move that your son will be making from the United States has been planned carefully in great detail and will be well supervised. Since Your son is young and this may be his first trip overseas, I am sure he will miss his home life a great deal. One of the greatest benefits to a new soldier confronted by these conditions is receiving mail from home. I urge you to write to him often. Good news adds to the well being of a soldier and will greatly assist him in adjusting to his new environment. Of course, unnecessary complaints or requests will tend to depress him. Help keep him happy through frequent correspondence.

If at any time I may be of assistance to you, please feel free to write to me.

Dear Mr and Mrs Willard Lowe

It is my pleasure to have your son assigned to my troop. Within the next few weeks he will complete basic combat training and begin advanced individual training. Upon completion of the advanced training he will be qualified to take his place as an effective member of our Army. You will be proud to know that he has gained the confidence and respect of his leaders through his diligence, devotion to duty, and positive development into a trained soldier.

The 3d Infantry (Marne) Division will be forty (40) years old on 21 November and on 23 November our New Marnemen complete their basic combat training. On the above dates, we are "opening our doors" to parents, guardians, and relatives of the men in the troop, to present to you a picture of the military life, particularly how the men live, what training they will undergo, how their spiritual and moral needs are met, and the measures taken by the Army to make the soldiers life a pleasant one.

I take this opportunity to extend to you a cordial invitation to visit with us on the above dates (21 and/or 23 November) and sincerely hope you find it possible to do so. Your son will be able to spend the nights as well as greater portion of the days of 21 and 23 November with you.

Each golfer received a Plus 60 golf utility tool, a six-pack soft cooler, an umbrella and a golf ball. Here are the results:

SENIOR BEAT

When should our seniors stop driving?

WILL the dilemma of older drivers ever be resolved?

According to Joe Coughlin with the Age Lab at the Massachusetts Institute of Technology, it's "an issue that's stuck in traffic."

Personally, I've had an interest in this problem locally for the past 10 years. There are many ideas, seminars, senior driver training classes and suggestions for family members to address the issue with the elderly in their family, but the dilemma continues and more so with the increase in the senior population.

I'm reaching the time to make the "stop" decision, and I hope I'll do as my dad did when he was 84. He came home one day from work after some harrowing experiences during the 5 o'clock rush hour. He quietly put the car keys on the kitchen table and said, "No more."

Good news: Couples improve v

By Nanci Hellmich
USA TODAY

Married couples in their later years often show a great deal of affection, says best-selling author Maggie Scarf, 77, who has spent more than 30 years studying relationships.

"There's intimacy. There is pleasure in each other's company. They say to each other, 'I love you more than ever.'" Scarf's new book is "September Songs: The Good News About Marriage in the Later Years." She has been married for 55 years to Herb Scarf, 78, a Yale professor.

They have three daughters. Scarf shares her insights:

Q: How would you describe your marriage?

A: Like any other couple, we've had our ups and downs at times. We haven't ridden through 55 years on a cloud of bliss. But the fact is we have always remained committed to each other. We have a lot of fun. My husband has a tremendous sense of humor, and we laugh

a lot. He is my best buddy.

Herb is the person who knows everything about me. And I know everything about him. At least we think we do.

Q: What is the U-shaped curve in marriage that you describe in the book?

A: There have been pretty influential studies over the past 40 years that show a couple's contentment is at its highest in the earliest phase of marriage.

Then you get to know the other person's foibles and faults. Kids come along and you lose sleep and you want the other person to do more than they are doing. Then you are negotiating on a daily basis with your adolescents, and your sense of contentment and well-being goes down during that time.

But as the nest starts to empty, your sense of well-being, contentment and time for intimacy go up. The U-curve begins to rise. You rediscover the person you knew early on.

Q: The book is based on interviews with 75 couples "about" their sex lives, money problems and how they handled their spouses' failings and betrayals. The participants were all older than 50 and had been married 20 years or more. What other similarities did you find in the couples?

A: They exuded well-being, contentment. The biggest thing I saw in every couple, including couples whose sex life wasn't that thrilling, was that they had a huge amount of affection

and closeness. If they had conflicts, they would often end in humor or they'd say, 'Let's not have this conversation.' The intensity of the conflict was much lower. There are few, if any, slammed doors.

Q: What did the couples tell you about their arguments?

A: They said they argued about the same subjects that they argued about from Day 1, but there was a lowering of intensity. This could be due to biological changes in a certain brain structure known to be the seat of anxiety, fear, aggression.

Q: How do the couples forgive each other's failings and betrayals?

A: There was no across-the-board answer. Some people said they couldn't think of a big failing that the other person had.

"In some cases, there had been infidelities and serious betrayals, and the couple had managed. In some cases they said their relationships had even become more sexually passionate."

-A HELP IN KEEPING ACCURATE
FARMING RECORDS -AN AID
IN FILING TAX RETURNS

Issued by: JOHN DEERE • MOLINE, ILLINOIS.

An Idea that bore an Ideal

IN the spring of 1837, John Deere gave to the world the steel plow. The story of that spring morning has been told and retold in the hundred odd years since 1837. The birth of an idea and the development of it, the story of trial and final success are recorded in history. One of the first steel plows John Deere built at Grand Detour is displayed in the Smithsonian Institution in Washington as a lasting tribute to John Deere's aspiration and his achievement.

Born of that achievement was an ideal—an ideal typical of the rugged honesty of character and craftsmanship of John Deere. An ideal which John Deere himself expressed in simple but direct terms: "I shall never place my name on an implement that hasn't in it the best that's in me."

Today, that ideal is the priceless heritage of the entire John Deere organization. It is present in the drafting rooms, in the designing departments, and in the final production divisions of the thirteen great John Deere factories where skilled workmen carry on in the John Deere tradition. That ideal is at one time the ruling pride of a great organization and, at the same time, a pledge of farm implement quality to the American farmer.

THE HANDY FARM ACCOUNT BOOK

A farm account book, accurately kept, carefully studied and utilized as a guide, is an important factor in successful farming.

It is the only means by which a farmer can definitely determine the financial results of his business for the year.

It is an important help in analyzing the farm business for the purpose of finding ways to make more money.

It provides the definite figures which are necessary when the time comes to make an income tax return.

You will find it easy to keep accounts in this book. Its arrangement is simple. The forms are adequate for the accounts of the average farm business.

Start keeping track of the farm dollars with the New Year. First of all, be sure to fill out the inventory forms at the beginning of the book, for the facts you set down there will be important at the end of the year in determining your financial progress.

Spend a few minutes each day on the book, and you will have a permanent record of your transactions and operations for the entire year.

Special attention is called to the summaries of income and expenses on pages 38 and 39. Consistent work in keeping the other records throughout the year will make it easy to fill in the summaries.

INVENTORY

The first essential in keeping a farm record and analyzing the year's business is a carefully taken inventory. The total value of real estate and personal property at the beginning of the year is the basis upon which percentage of income on investment is figured. January first is the ideal time to start keeping farm records.

By carefully following the different items and divisions of the blanks on the following three pages, no difficulty should be encountered in listing all assets and liabilities. Separate valuation should be made for each article or animal, excepting hens, and flocks or herds of fattening stock, wherein the value of each unit is approximately the same. In the latter case, the value of the group is determined on the basis of the average value of the individuals.

Valuations of feeding stock should be made on the basis of safe market values. Breeding stock values should not fluctuate with radical changes in the markets, unless the changes are fairly permanent.

The value of a farm record book is greatly increased by giving full description of stock, tools, etc. This is especially true when the books are preserved from year to year for comparison.

HINTS ON VALUATION

The basis for valuation of farm lands in the inventory should be the original cost reduced by reasonable allowances for depreciation. What it was worth during peak prices or what it might sell for two years hence should not enter into its present valuation.

The basis for valuation of buildings should be the original cost of construction including both labor and materials with additions for replacements and reductions for reasonable depreciation. Buildings with average care would depreciate from 2% to 4% every year.

The basis for valuation of all sale stock such as fattening cattle, sheep, swine, etc., held for sale or further feeding should be the market value on the date of inventory. The value placed on work horses and breeding stock should be the original cost reduced by depreciation for the number of years they have been used on the farm.

The basis for valuation of machinery should be the original cost reduced by reasonable allowance for depreciation for the years each unit has been used. With ordinary wear and reasonable care, the general run of farm machinery will depreciate about 10% a year with the exception of trucks and automobiles.

Value feed, grain, and supplies at a fair farm value, which is the market value plus cost of hauling to farm (for purchased feeds) and minus cost of marketing for feed, grain, and supplies grown on the farm.

INCOME AND EXPENSES

Daily accounts to be kept on pages 6 to 31 should include all cash transactions of the year that belong to the farm business.

Pages 6 through 15 are prepared for your use in recording the various items of farm income. For example: every sale of hogs should be listed on page 6. Pages 11 through 13 should be used for other income you have from your farm.

Daily accounts to be kept on pages 16 through 31 should record all farm expenses. For example: every payment for hired labor should be entered on page 16, and all feed purchases should be entered on page 20, etc.

By following the headings on each page and making proper entries thereon, it will be necessary to enter the totals only of each one of the pages in your income and expense reports on pages 38 and 39 at the end of the year to arrive at your net income for the year's operation of the farm. This will provide sufficient information for preparing income returns on cash receipts and disbursements basis. The form of inventory shown on pages 3, 4, and 5 should be repeated at the end of the year by anyone desiring to make income report on the accrual basis.

"SHORT CUTS" FOR ESTIMATING GRAIN AND HAY

To find the number of bushels of grain or shelled corn in a bin: Multiply the length by the width by the depth (all in feet) and divide by $1\frac{1}{4}$.

To find the number of bushels of ear corn in a crib: Multiply the length by the width by the average depth (all in feet) and divide by $2\frac{1}{2}$. If the crib is round, multiply the distance around the crib by the diameter by the depth of the corn (all in feet) and divide by 10.

INVENTORY—(Continued)

To find the number of tons of hay in a mow: Multiply the length by the width by the height (all in feet) and divide by 400 to 500, depending on the kind of hay and on how long it has been in the mow.

To find the number of tons of hay in a stack: Multiply the overthrow (the distance from the ground on one side over the top of the stack to the ground on the other side) by the length by the width (all in feet); multiply by 3; divide by 10, and then divide by 400 to 500, depending on length of time hay has been in stack.

A charge may be made for keep of driving horses kept for personal use rather than work, or any other expenses met by the farm but not contributing to the income from the farm.

Ladies group celebrates anniversary

The 90th anniversary luncheon of the Davenport Liedertafel Ladies was held at the Eagles Lodge in Davenport. The group began with a small gathering of German women who met to sing and socialize. There are now more than 270 members.
